

Navigating the new UI

Classic navigation

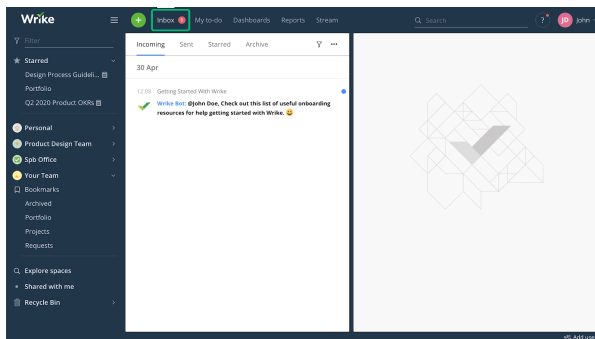

New Experience

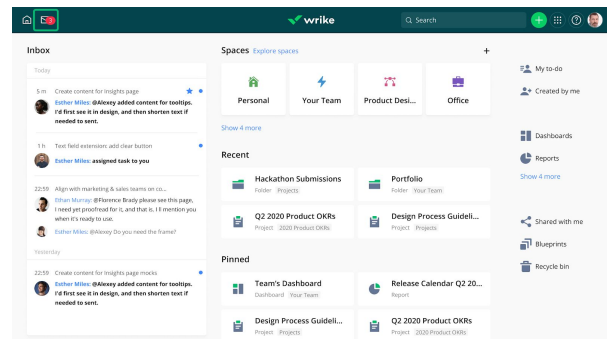

My Home is now the default landing page when you enter Wrike.

Inbox

Inbox has been moved to the left side of the header.

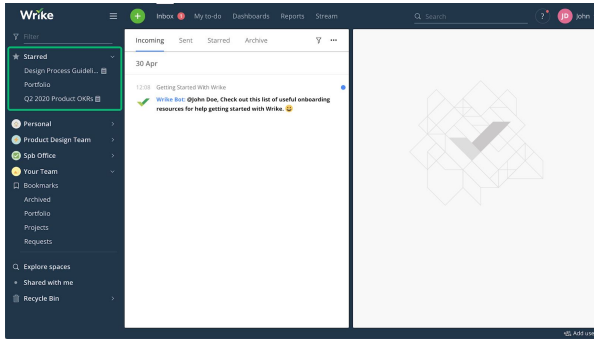

Classic

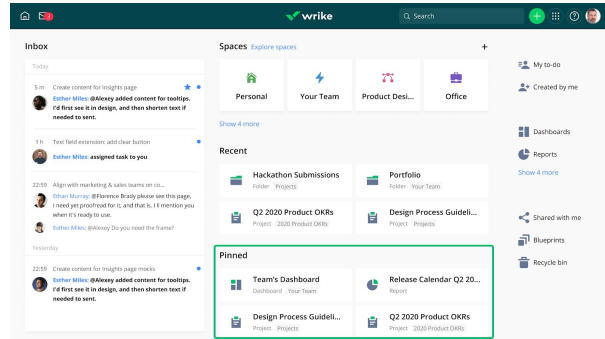

New

Starred projects and folders

Starred folders and projects have moved to the center panel on My Home and are now named Pinned.

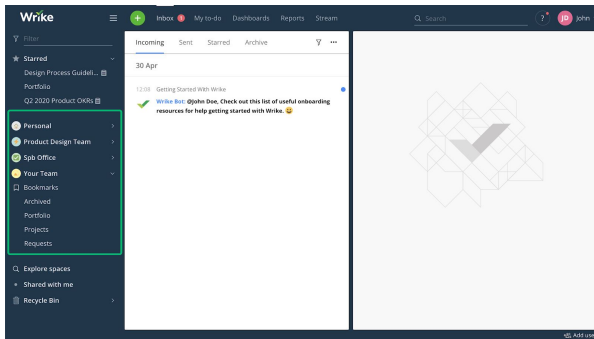

Classic

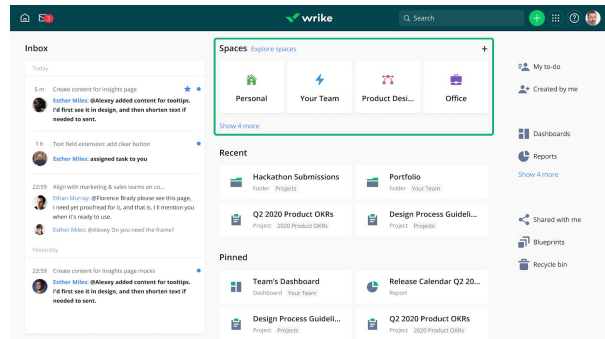

New

Spaces

Spaces have moved to the Spaces section on My Home. You can also find the Explore Spaces link in there.

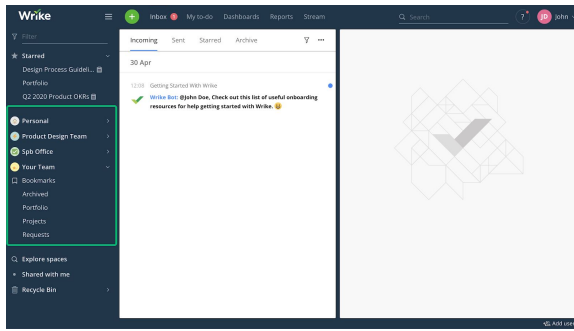

Classic

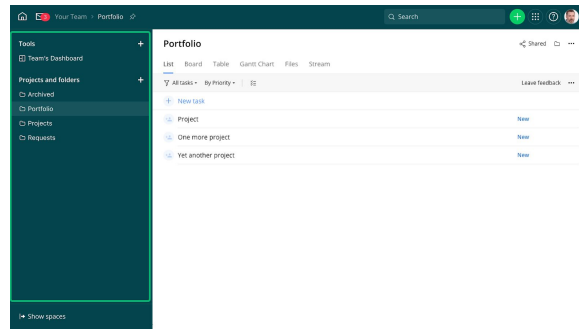

New

Space Focused Left-hand Panel

When entering a Space, the left hand panel now focuses specifically in the Space you are in.

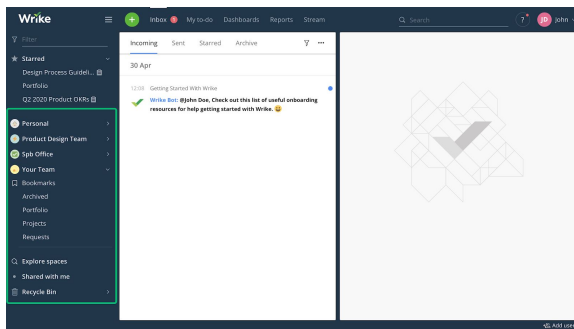

Classic

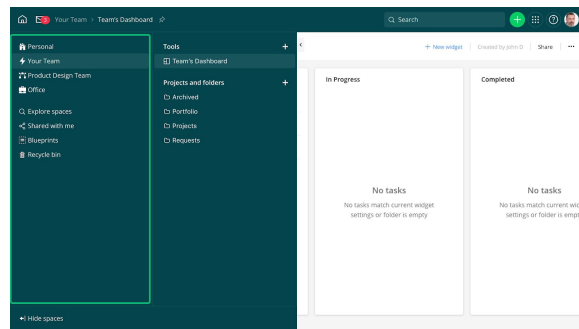

New

Browse Spaces

When you're in a Space, you can now use the Browse Spaces area to view and enter another Space's work hierarchy or to have a quick overview of all Spaces shared with you.

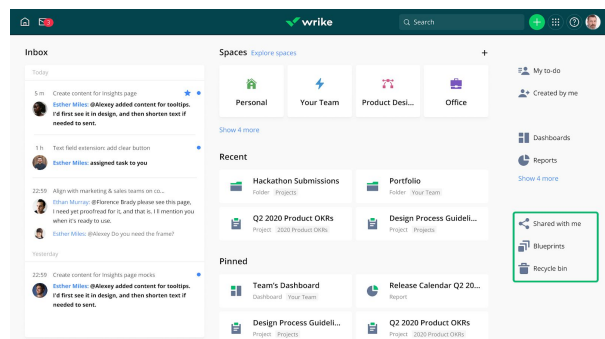

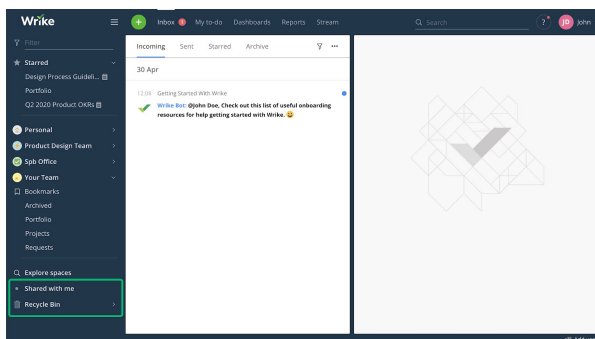

Classic

New

Shared with me, Blueprints, and Recycle bin

Shared with me, Blueprints, and Recycle bin have moved to the right panel of My Home.

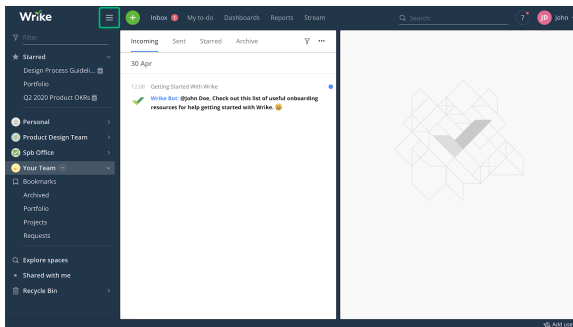

Classic

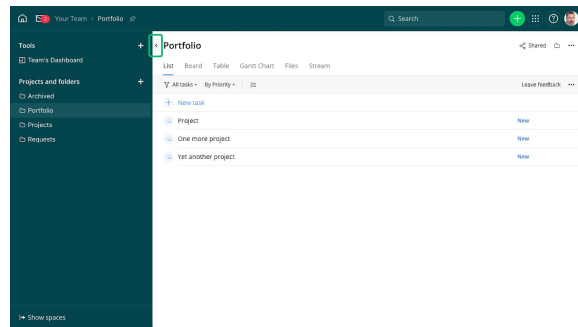

New

Collapse button

You can now close the sidebar when you're working in a specific view or task (Spaces, folders, projects, Space tools, and smart lists).

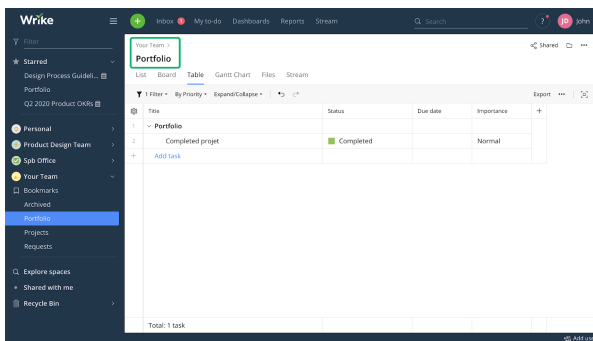

Classic

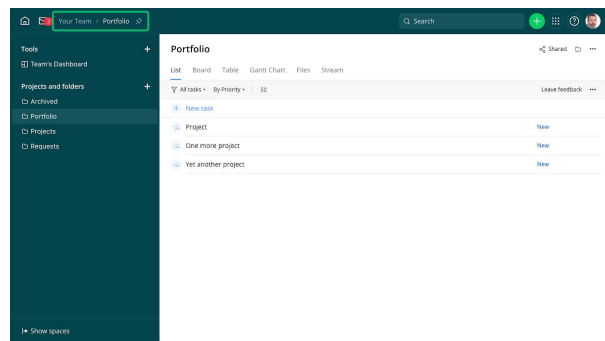

New

Navigation path

Way-finding has moved to the left side of the header.

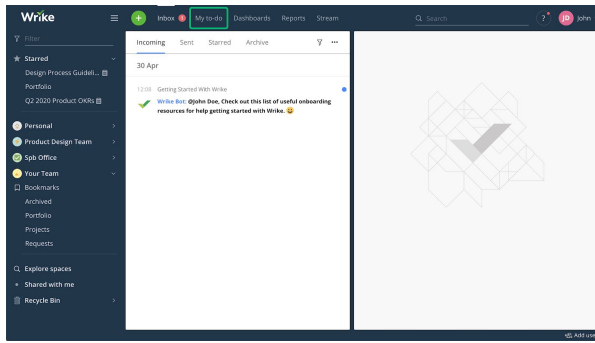

Classic

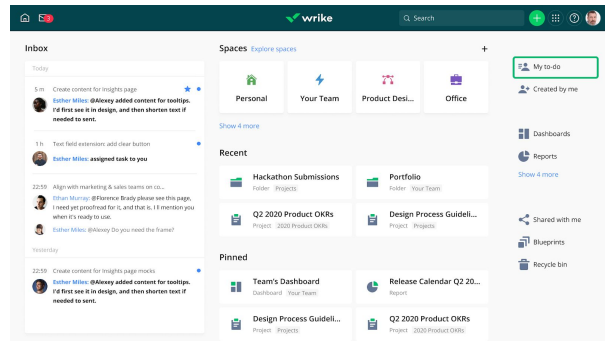

New

My to-do

My to-do has moved to the right panel of My Home.

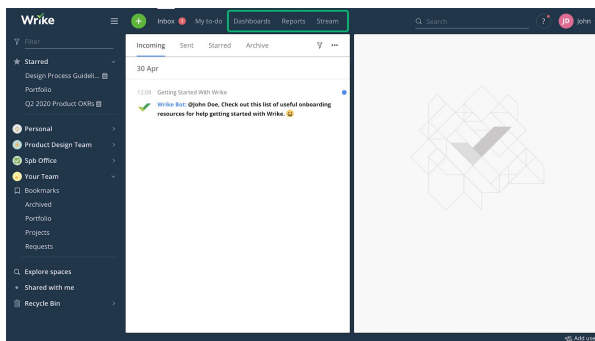

Classic

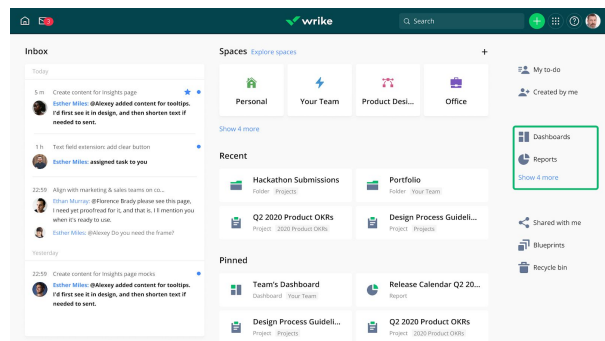

New

Wrike tools (Global views)

Wrike tools have moved to the right panel of My Home.

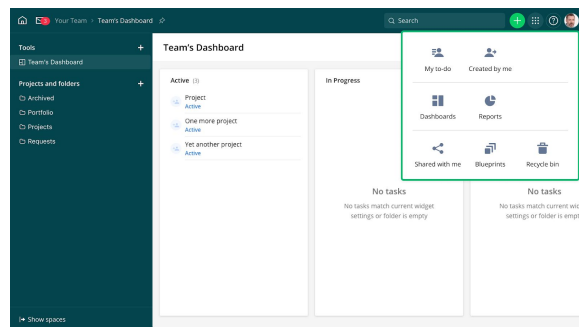

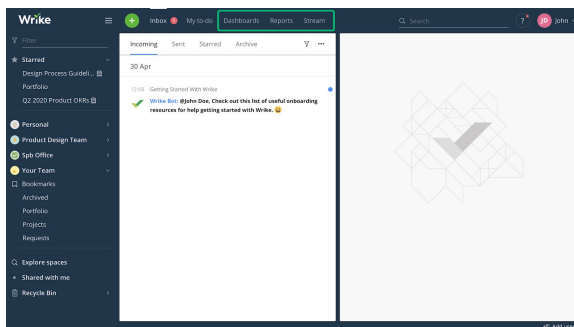

Classic

New

Launchpad

Quickly access Smart folders, tools, Shared with me, Blueprints, and the Recycle bin wherever you are in Wrike.

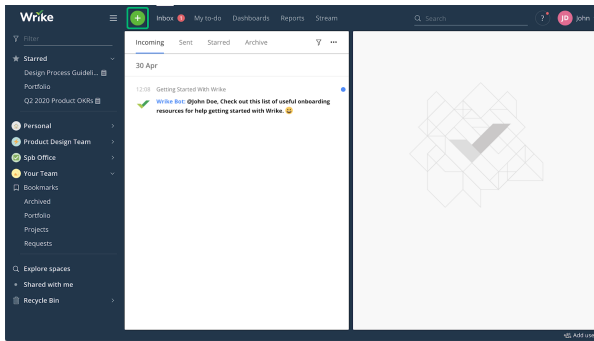

Classic

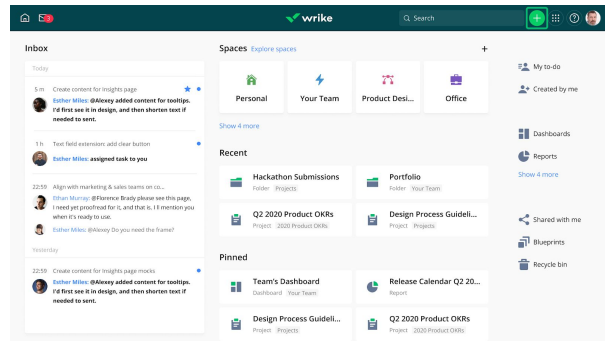

New

Create button

The Create button has moved to the right side of the header.

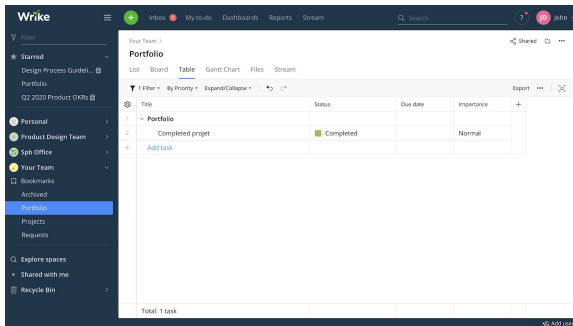

Classic

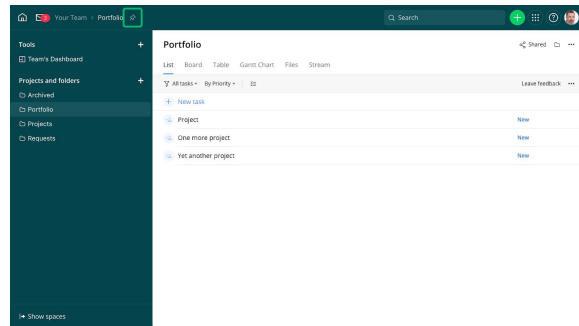

New

Pinning to My Home

Pin Tools, projects, folders, and named views to the Pinned section under My Home by clicking the pin icon on the navigation path.
