## PAY AS YOU GO Terms

### **Terms:**

Monthly payment option is excluded from any discounts or promotions.

This plan permits you to take one course per month (two courses per month for accelerated payments). Each month on the same date your card will be charged and after a successful payment you will be automatically enrolled in the next available course in your program. You will receive an enrollment confirmation email indicating the course selected and date that you have been scheduled for.

If the date that we enroll you in does not work for you, please contact the help desk as soon as possible at [ec\\_helpdesk@cornell.edu](mailto:ec_helpdesk@cornell.edu) or (800) 801-0287 to swap the section for a date that best meets your needs.

### **Payment Policy:**

Your initial payment will be processed the day after submission of this form. Your course enrollment will follow a successful payment. Each month thereafter, for the number of remaining payments and on the same day of the month that the initial payment was processed, your credit card will be charged the monthly amount specified. In the event that the credit card transaction is declined, eCornell will notify you of the decline. The remaining monthly balance may be paid off at any time and the student will be enrolled in all remaining courses; however, no additional discount will be given.

### **Cancel Policy:**

All cancellation requests must be made by email to [ec\\_accounting@cornell.edu](mailto:ec_accounting@cornell.edu) at least two business days prior to the next scheduled monthly payment date. eCornell reserves the right to terminate this agreement in the event there are 2 or more monthly credit card transaction declines. eCornell will only offer a refund for courses that have not yet started at the time of the request.

I authorize eCornell to charge my credit card based on the Pay As You Go payment option selected and agree to all terms.
