

EDUCATION GALAXY

Quick Start Guide

Create and Assign

Create a custom assessment, assign online, print worksheets, assign writing prompts, modify due dates

Track and Monitor Progress

View and create reports for custom assignments, track classroom and individual student mastery of state standards

Support you deserve

Access to self-paced training modules, customer support, and step-by-step help videos

Quick Links

Creates shortcuts to allow you to organize and access any link quickly from your dashboard

Manage Students

Add new students, activate products, print ID cards, create classes, turn features on/off, view program as a student

Recent Sessions

Easily view your student's recent sessions

Top 5 Students

Easily view your top 5 students by galaxy stars earned

My Documents

Quick access to best practices & implementation documents

The screenshot shows the Education Galaxy dashboard for 'Education Galaxy Elementary 5673'. The top navigation bar includes links for Student Center, Assessment, School Center, Reports, Training, and Support. A user profile dropdown shows 'Education Galaxy'.

Quick Links: A section with a 'Total Questions Answered' of 131,395 and 'Time Spent' of 223:11:21. It includes buttons for 'Create Assignment', 'Student List', 'Alien Arena', 'Build Custom Test', 'SuperSheets', 'EG Reports', 'LO Reports', 'Manage Users', and 'Video Messages'.

My Trainings: A section with a progress bar for 'Learn about the Teacher Experience (K-1)' and 'Learn about the K-1 Student Experience', both at 100% completion. It includes a 'Go to Trainings' link.

My Documents: A list of documents including 'Elementary Training PPT', 'Elementary Quick Start Guide', 'Best Practice Implementation Guide', '2020-2021 Implementation Guide', and 'Remote Learning Pamphlet'. It includes a 'Go to Documents' link.

Top 5 Students (by Stars): A table showing the top 5 students by stars earned.

Student Name	Stars
Maxed Out GALACTIC HERO	97/99
Jessica Simpson GALACTIC HERO	130/207
tx fourth GALACTIC HERO	165/267
Javon Jeffery ALIEN STRONGMAN	125/267
Tx four GALAXY DEFENDER	122/267

Recent Sessions: A table showing recent sessions for Grade 4, 4th Grade Sample Class.

Student Name	Score
Garrett Garza	100%
Peyton Manning	100%
Hanna Van	80.77%
Shelly Jackson	100%
Ryan Zavala	100%

Total Score (by topic): A section showing scores for various topics.

Topic	Score
3-D Shapes	100%
Adages and Puns	100%
Add and Subtract Fractions	100%
Add and Subtract Fractions	100%
Addition Facts - Level 1	100%

Messages from the GALAXY: A section with messages from EdGal Certified-Middle School, dated April 23rd, 2021. It includes a 'GET EDGAL CERTIFIED' button and a 'NOW FOR MIDDLE SCHOOL' button.

Assignments: A section showing assignments for All Grades, including 'Assignments from Test Bank', 'Video Assignments', and 'Assignments by Topic Bank'.

Assignment Name	Subject	Grade	Start Date	End Date	Assigned	Completed
Place Value	STAAR Math	Grade 5	05-19-2021	05-28-2021	38	0
Equivalent Fractions	STAAR Math	Grade 4	04-28-2021	05-05-2021	11	0
Identify Main Idea	STAAR Reading	Grade 2	05-13-2021	06-24-2021	1	0

Assignments

Keep track of upcoming assignments, the start date, the end date, and how many students have already completed the assignment

EDUCATION GALAXY

1. Create a Class

Creating a class allows you to assign custom assignments and monitor students progress individually and as a whole.

Go to **Student Center** and click **Create a Class**. When you choose a grade level, all students for that grade will appear. Select a student name and click the arrow to add them to your class.

2. Print Login Cards

Print login cards for your class, grade level, or the entire school. Go to **Student Center** and click **Manage Users > View Students**.

3. Program Selection

Which program is right for your students?

Grade level instruction, assessment and standards mastery for Tier 1 students in grades K-8

Adaptive RTI supplement to help measure and address learning loss and fill in below grade level skill gaps for Tier 2 & 3 students

- Math & Reading
- Recommended for grades 2-8

Education Galaxy is the default program set for all students. To activate Liftoff, or to deactivate Education Galaxy, go to **Student Center** and click **Manage Users > Program Selection**.

Last Name	Grade	Education Galaxy	Lift Off
	5	Active	Inactive
	5	Active	Inactive
	5	Active	Active
	5	Active	Inactive

EDUCATION GALAXY

Quick Start Education Galaxy

1. My Study Plan

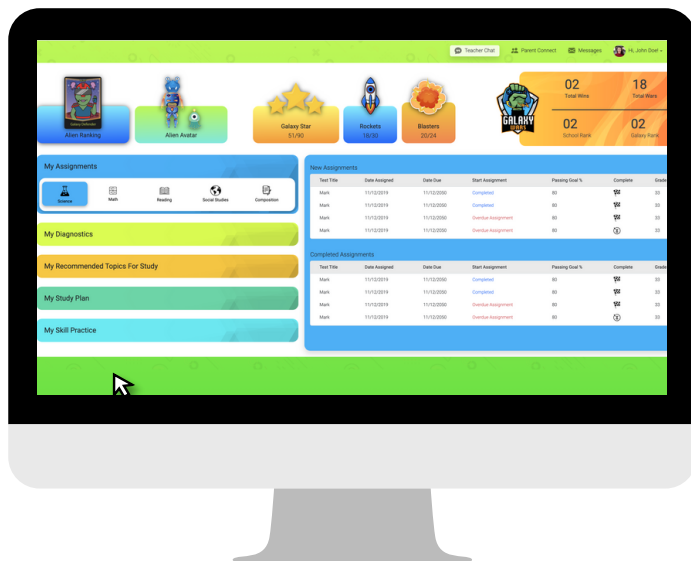

- 10-question formative assessment
- Students earn rewards & play games by answering questions correctly
- Immediate video feedback is provided when students miss a problem

2. My Diagnostics

- Each diagnostic test covers the entire grade level's standards
- The **Pre-test** should be administered half-way through the school year
- The **Post-test** should be administered 3 weeks before state testing

3. My Recommended Topics for Study

- When a student completes a diagnostic test, a personalized learning path is created for the student
- Based on the student's performance the learning path organizes the study topics into three categories;
 - Mastery Shown
 - Some Study Required
 - Critical Need for Study
- Students must score an 80% or higher to remove a topic from their personalized plan

Quick Start Liftoff

1. My Diagnostics

- 4 Diagnostics for Math
- 3 Diagnostics for Reading
- Each test adapts to student responses and determines rocket locations

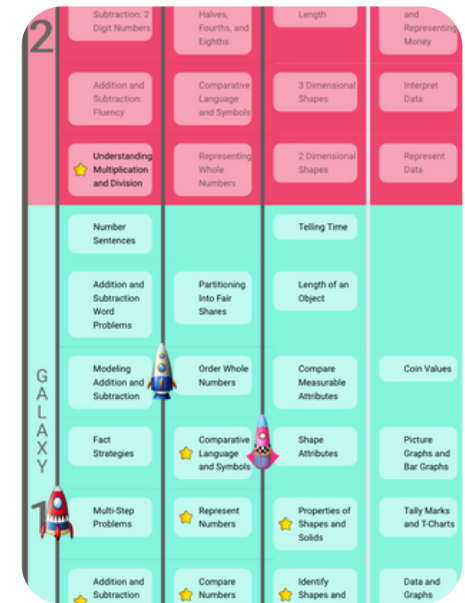

2. My Galaxies

Topics with stars

- Areas where the student demonstrated mastery during the diagnostic
- Students can always practice these topics

Topics without stars

- Learning gaps identified during the diagnostic
- Students “move up” their rocket and earn a Galaxy Star by scoring an 80% or higher on a Study Topic
- Move students to Education Galaxy when they reach grade-level

Other Implementation Suggestions

- Use our Test Builder/Assignment Builder to assign topics that follow your lesson plans
- Use Liftoff as a pretest for all students in grades 2-8 to help identify and close learning gaps from the previous school year. Then, move them over to Education Galaxy when they reach their grade level.

NEW: Students can review any missed questions after a practice session to clarify their thinking.
