

How do I log into the Openpath App?

MAR 30 2022 1:19PM

To log into the Openpath app:

1. Download the Openpath app from the [Apple App Store](#) or [Google Play Store](#)
 - A. See [What are the minimum requirements for the Openpath mobile app?](#)
2. Open the app and tap **Get Started**
3. Enter your email and tap **Next**
 - A. **Note:** If you enter your email and receive an "Email not found" message, contact your administrator
4. You will receive an email from Openpath Security. Open the email from the same device where you just installed the Openpath app (it won't work otherwise).
5. In the email, tap **SET UP PHONE**
 - A. If you did not see the email, please see [Openpath set up phone link not working or not received.](#)
6. After you click the link, you'll automatically log in and the app will guide you through a tutorial and a few setup steps. After setting up, the app will show you the entries that you have access to.

For Android users: After clicking on the SET UP PHONE link, your phone will ask if you want to open with a web browser or Openpath, please choose Openpath.

For iPhone users: Choose "Allow" when asked "Allow Openpath to access your location even when you are not using the app?"
