This document contains confidential and / or proprietary information. The content must not be disclosed to third parties without the prior written approval of Advanced Computer Software Group Limited or one of its subsidiaries as appropriate (each referred to as “Advanced”). External recipients may only use the information contained in this document for the purposes of evaluation of the information and entering into discussions with Advanced and for no other purpose.

Whilst Advanced endeavours to ensure that the information in this document is correct and has been prepared in good faith, the information is subject to change and no representation or warranty is given as to the accuracy or completeness of the information. Advanced does not accept any responsibility or liability for errors or omissions or any liability arising out of its use by external recipients or other third parties.

No information set out or referred to in this document shall form the basis of any contract with an external recipient. Any external recipient requiring the provision of software and/or services shall be required to enter into an agreement with Advanced detailing the terms applicable to the supply of such software and/or services and acknowledging that it has not relied on or been induced to enter into such an agreement by any representation or warranty, save as expressly set out in such agreement.

The software (if any) described in this document is supplied under licence and may be used or copied only in accordance with the terms of such a licence. Issue of this document does not entitle an external recipient to access or use the software described or to be granted such a licence.

The development of Advanced software is continuous and the published information may not reflect the current status. Any particular release of the software may not contain all of the facilities described in this document and / or may contain facilities not described in this document.

Advanced Computer Software Group Limited is a company registered in England and Wales with registration number 05965280 whose registered office is at The Mailbox, 7 Commercial Street, Birmingham, B1 1RS.

A full list of its trading subsidiaries is available at www.oneadvanced.com/legal-privacy.

INTRODUCTION

This document contains an overview of the new features, fixes and changes included in version 1.8.8.1 of Business Cloud Essentials.

This is a maintenance release addressing the following defects:

FEATURES

No new features in this release

DEFECTS

JIRA ID	TITLE
HBCE-14863	Exchange Rates – November Updates
Problem:	The automated currency exchange rate updates for November were found not to be updating and returned blank values.
Solution:	BCE is setup to download the latest exchange rates from HMRC's designated website on the 1st of each month. For the November updates it was found that the HMRC website location had been changed. Corrected the path to HMRC so that BCE can now download the monthly exchange rates successfully.
HBCE-14856	Job Card Template - Incorrect Unit of Measure
Problem:	The Unit of Measure (UoM) was incorrectly set on a parent item in 'Print Job Card' from the standard Custom Document template.
Solution:	Corrected the parent UoM and updated the standard Custom Document template.
HBCE-14850	Sales Order Acknowledgement – Printing Allignment
Problem:	The position of the Sales Order Acknowledgement was incorrectly alligned when printing Sales Orders.
Solution:	Added new CSS for document title.

HBCE-14846	Consolidated Purchase orders – Supplier References
Problem:	Supplier references were not populating when creating consolidated Purchase Orders using the stock below minimum quantity process. When raising a Purchase Order from the summary screen, the supplier reference field was not being populated with the data stored on the stock item details.
Solution:	Corrected the conditions that retrieves the Supplier reference.
HBCE-14702	Complaints – Reopening Completed Complaints
Problem:	When reopening completed complaints in CRM (Unticking the 'Complete?' whilst in edit mode) the status of the 'Complete?' field was not changing.
Solution:	Corrected the process that updates existing tags which was found not to be working.
HBCE-14535	Serial/Batch Numbers – Date Filter
Problem:	The date filter in 'Batch Assign Planned Serial Numbers' was found not to be updating.
Solution:	Corrected date filter parameters to update correctly.
