

# illion BankStatements: Simplifying the lending process for brokers

**illion BankStatements helps brokers accelerate customer acquisition, reduce application abandonment and eliminate fraud, whilst providing an outstanding user experience for your customers.**

## Why BankStatements?

illions' BankStatements technology is a market leading solution that provides a **lightning fast, frictionless web-based solution** for the retrieval of bank statement data, which boosts conversion rates for brokers. Our technology is used by thousands of asset finance and mortgage brokers in Australia and New Zealand.

Every broker knows the frustrations of waiting days for customers to retrieve their bank statements and send them through. BankStatements **simplifies the process for brokers** and their customers, resulting in faster loan submission and approval, plus an amazing customer experience.

**Speed:** We have the fastest data retrieval speeds in the market, on average only 5 seconds per account.

**Better Data:** We retrieve more data and more documents from more sources.

**Categorisation:** Our industry leading categorisation simplifies the process of income and expense verification.

## Introducing us to your customers

Referring your customers to our service is as simple as sending them a link. Here is an example of an email introducing our service:

Hi John,

As a next step in your loan application, we will need to get 6 months of bank statements from you. We recommend using a secure service that allows you to log in to your online banking and have your statements automatically retrieved and sent directly to us. This secure service is provided by an Australian company and it takes less than a minute to complete.

Click on the following link to start the submission process:

<https://bankstatements.com.au/r/b/TEST>

(Note: you need to replace this example link with your unique Referral Link)

Simply choose your bank, enter your online banking details, select your accounts and press submit. Your statements will be sent directly to us.

Thanks.

BankStatements is an Australian owned and developed technology. Adherence to Australian privacy principles and laws is at the core of our service.
