our Melbourne office.

Do you already have a conveyancer?

When you buy property, conveyancers help transfer properties from one person to another.

At My Local Broker, we recommend property transfer specialists Settle Easy. These local conveyancers prepare all the legal documents that form part of all real estate transactions.

They are 100% reliable, secure, convenient and fast.

Their conveyancing platform is available 24/7, so you can complete your conveyancing whenever and wherever it suits you.

Settle Easy professional fee for its conveyancing service is \$1,210 inc GST.

Keep in mind that you will also have to pay out of pocket costs (called disbursements) which are usually between \$300-\$600. These are fees your conveyancer might have to pay third parties to complete your conveyancing transaction.

To access this offer, submit your enquiry directly to our team or call 1800 88 66 88 to begin this easy process.

My Local Broker's customers who have used Settle Easy, highly recommend them and we do too.
