The screenshot displays the DISH Order dashboard interface. On the left is a dark blue sidebar with navigation options: DASHBOARD, RESTAURANT, KITCHEN, SALES, MARKETING, TOOLS, and SYSTEM. The main content area features a top navigation bar with a 'Storefront' icon highlighted by an orange box, alongside a settings gear and a user profile icon. Below the navigation bar are two summary cards: 'Total Sales' (€0.00) with a green chart icon, and 'Total Cash Payments' (€0.00) with a yellow cash icon. The central section contains a 'Reports Chart' with a legend for Orders (blue), Reservations (purple), Customers (teal), and Reviews (orange). The chart area is currently empty, showing a flat line at 0 on the y-axis and a timeline from Jul 11 to Aug 8 on the x-axis. A date range selector at the top right of the chart indicates 'July 11, 2020 - August 9, 2020'. The version number 'version : sha-30030a5' is visible at the bottom left of the sidebar.
