

You are now at the **dashboard**. Click on **tools** to start setting up a new device.

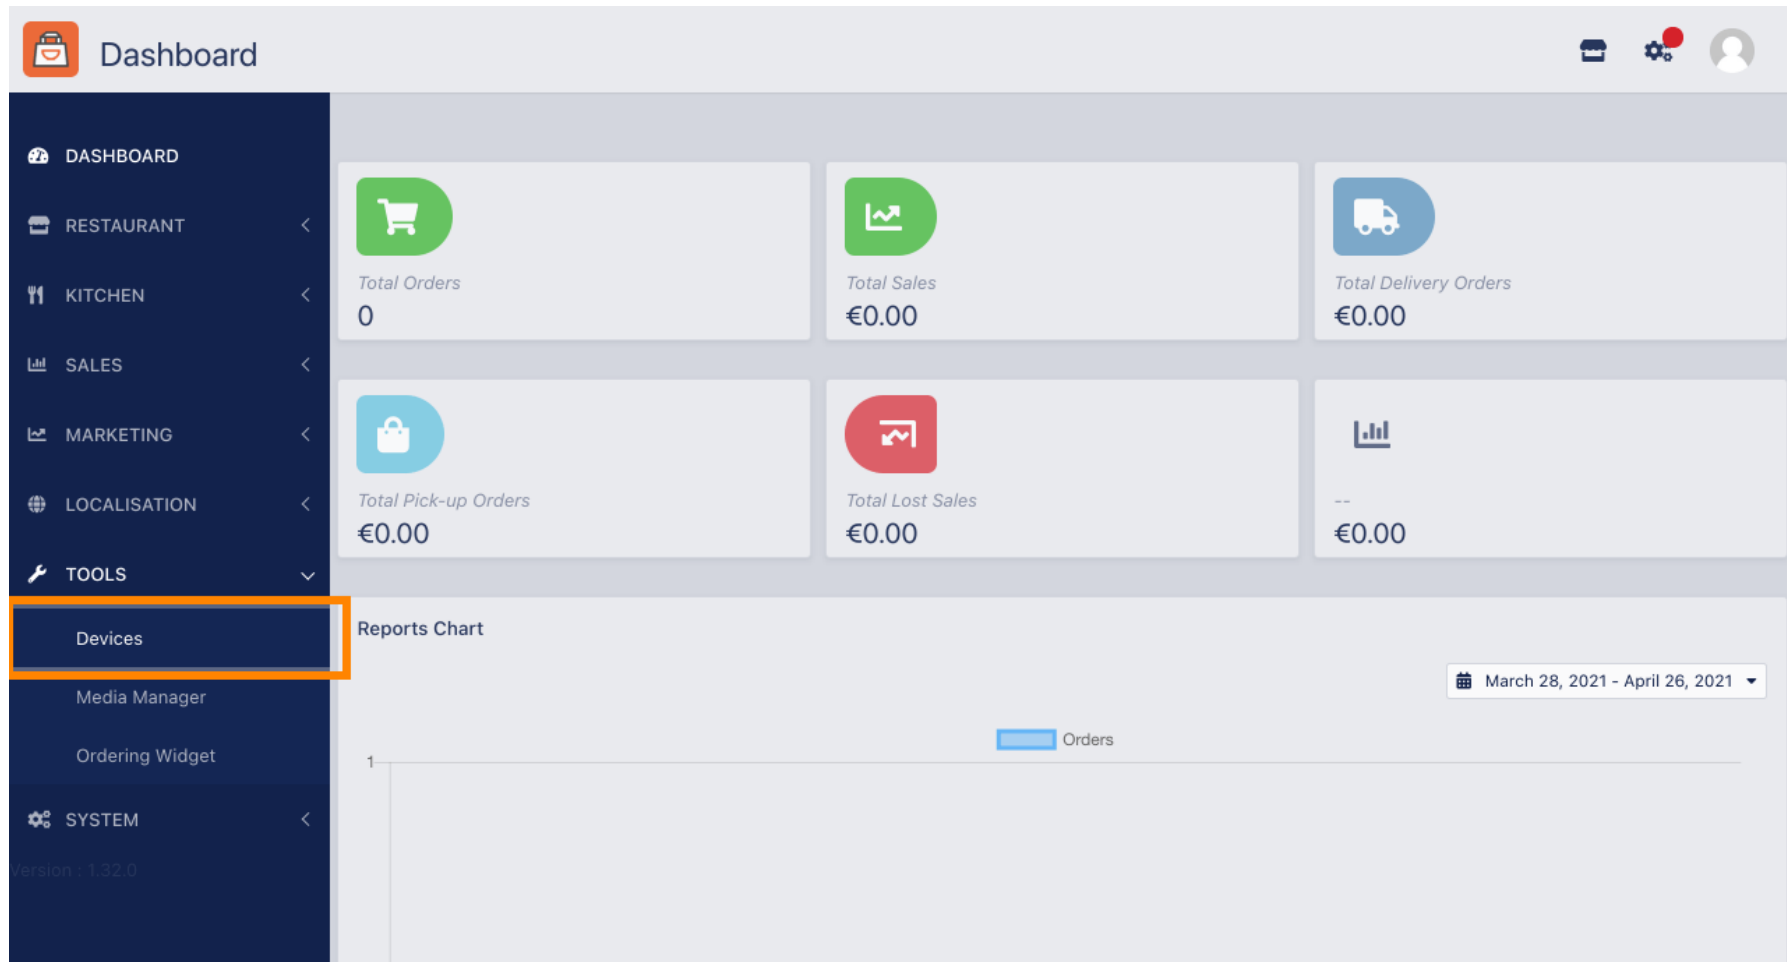

The screenshot shows the DISH Order dashboard. On the left is a dark blue sidebar with a menu. The 'TOOLS' option, represented by a wrench icon, is highlighted with an orange rectangle. The main area of the dashboard is light gray and contains several summary cards and a reports chart.

Icon	Label	Value
	Total Orders	0
	Total Sales	€0.00
	Total Delivery Orders	€0.00
	Total Pick-up Orders	€0.00
	Total Lost Sales	€0.00
	--	€0.00

Below the summary cards is a 'Reports Chart' section. It includes a date range selector set to 'March 28, 2021 - April 26, 2021' and a legend with a blue box labeled 'Orders'. The chart area is currently empty.

Click on **devices** to proceed.

The screenshot shows the DISH Order Dashboard interface. On the left is a dark blue sidebar with a menu. The 'Devices' option is highlighted with an orange rectangle. The main area displays a 'Dashboard' header with a shopping bag icon and user controls. Below the header are six summary cards: Total Orders (0), Total Sales (€0.00), Total Delivery Orders (€0.00), Total Pick-up Orders (€0.00), Total Lost Sales (€0.00), and a bar chart for Reports Chart. The Reports Chart shows a single bar for 'Orders' with a value of 1. A date range selector at the top right of the chart area shows 'March 28, 2021 - April 26, 2021'.

Then click on **new** to add a device.

The screenshot displays the 'DISH Order' web application interface. The top header shows the 'DISH Order' logo and the title 'Devices allowed to use API'. On the left, a dark blue sidebar contains a navigation menu with items: DASHBOARD, RESTAURANT, KITCHEN, SALES, MARKETING, LOCALISATION, and TOOLS. The 'TOOLS' menu is expanded, showing sub-items: Devices, Media Manager, and Ordering Widget. The 'Devices' sub-item is selected. The main content area has a light gray background. At the top of this area, there are two buttons: a blue '+ New' button and a red 'Delete' button. The '+ New' button is highlighted with an orange rectangular box. Below these buttons is a table with two columns: 'DEVICE NAME' and 'RESTAURANT LOCATION NAME'. The table is currently empty, displaying the text 'Nothing found.'.

Enter the **devices name** and select the **location** you would like to connect it to.

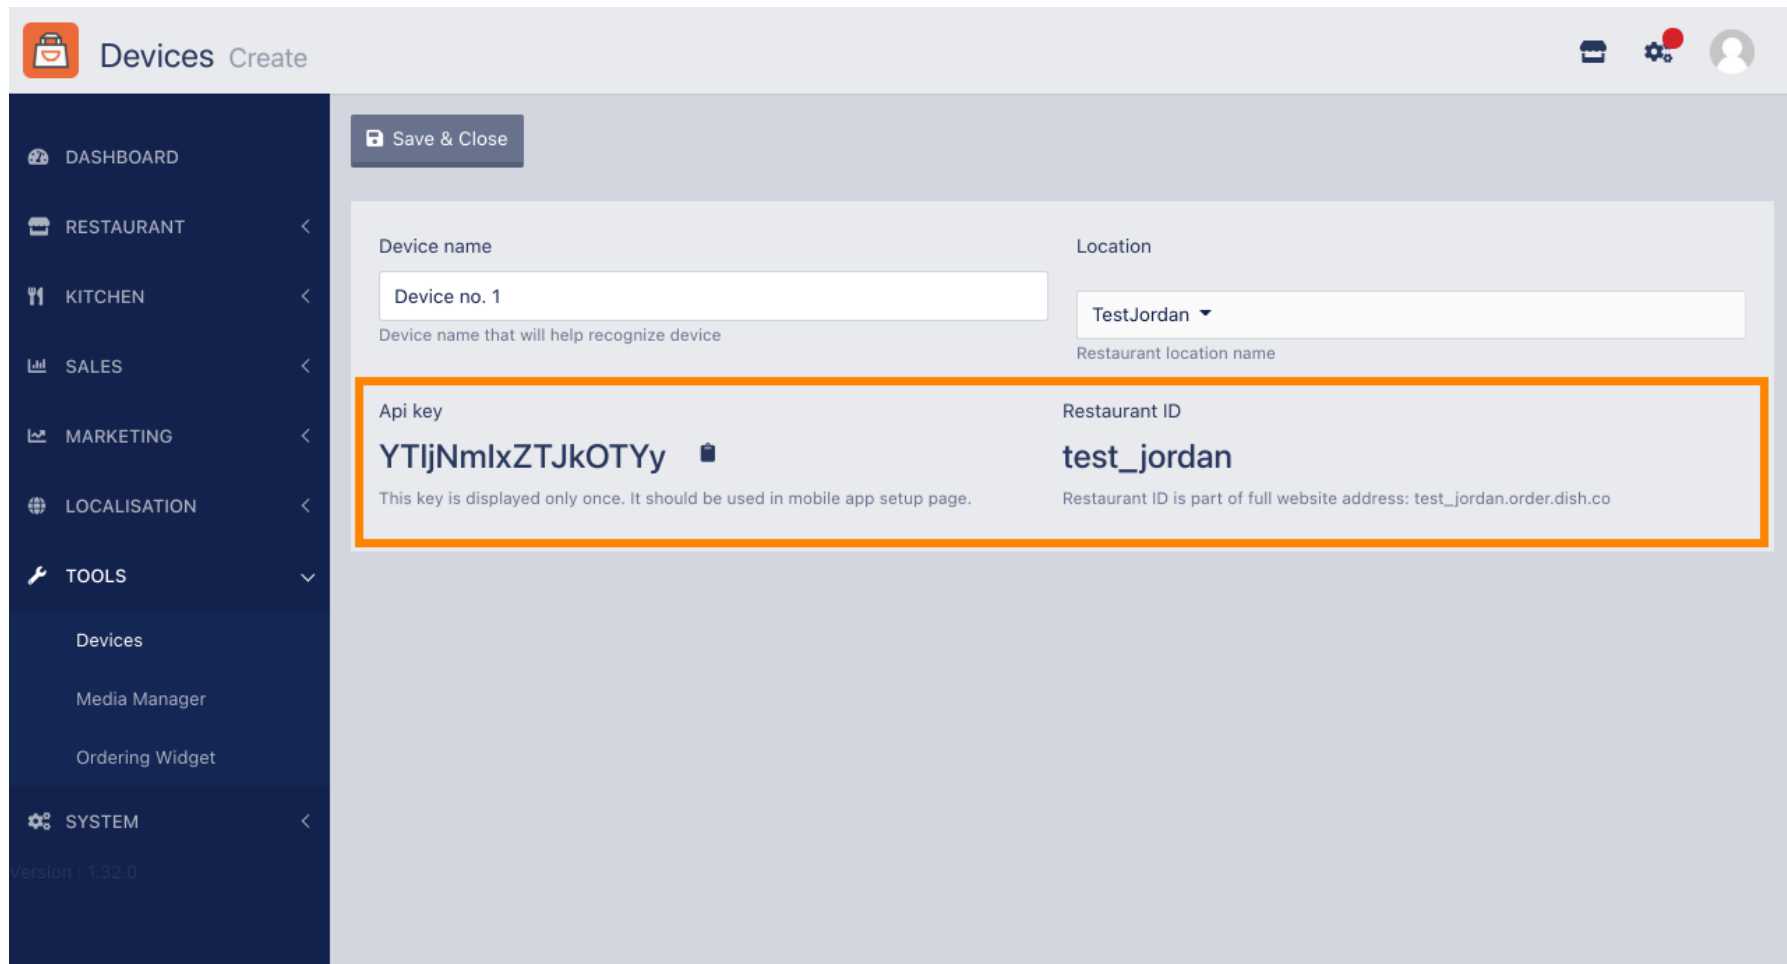

The screenshot shows the 'Devices Create' interface in the DISH Order system. On the left is a dark blue sidebar with navigation links: DASHBOARD, RESTAURANT, KITCHEN, SALES, MARKETING, LOCALISATION, and TOOLS (expanded). Under TOOLS, 'Devices' is selected. The main content area has a 'Save & Close' button at the top left. The form contains two rows of fields. The first row, highlighted with an orange border, has 'Device name' with the input 'Device no. 1' and a subtext 'Device name that will help recognize device', and 'Location' with a dropdown menu showing 'TestJordan' and a subtext 'Restaurant location name'. The second row has 'Api key' with the value 'YTljNmIxZTJkOTYy' and a subtext 'This key is displayed only once. It should be used in mobile app setup page.', and 'Restaurant ID' with the value 'test_jordan' and a subtext 'Restaurant ID is part of full website address: test_jordan.order.dish.co'.

Device name	Location
Device no. 1 Device name that will help recognize device	TestJordan ▼ Restaurant location name
Api key YTljNmIxZTJkOTYy This key is displayed only once. It should be used in mobile app setup page.	Restaurant ID test_jordan Restaurant ID is part of full website address: test_jordan.order.dish.co

Secure the **API key** and **restaurant ID**. You need to enter them in your order terminal. **Note: Here you find the corresponding tutorial <https://bit.ly/3s0OuFq>.**

The screenshot shows the 'Devices Create' form in the DISH Order system. The form is divided into two main sections: 'Device name' and 'Location' at the top, and 'Api key' and 'Restaurant ID' at the bottom. The 'Api key' and 'Restaurant ID' fields are highlighted with an orange border. The 'Device name' field contains 'Device no. 1' with a note below it: 'Device name that will help recognize device'. The 'Location' field is a dropdown menu showing 'TestJordan' with a note below it: 'Restaurant location name'. The 'Api key' field contains 'YTljNmlxZTJkOTYy' with a note below it: 'This key is displayed only once. It should be used in mobile app setup page.' The 'Restaurant ID' field contains 'test_jordan' with a note below it: 'Restaurant ID is part of full website address: test_jordan.order.dish.co'. A 'Save & Close' button is located at the top left of the form area. The left sidebar contains a navigation menu with options: DASHBOARD, RESTAURANT, KITCHEN, SALES, MARKETING, LOCALISATION, TOOLS (expanded), and SYSTEM. The 'TOOLS' menu is expanded, showing 'Devices', 'Media Manager', and 'Ordering Widget'. The version number 'Version : 1.32.0' is visible at the bottom of the sidebar.

Save & Close

The green **confirmation pop** up on the top of your screen indicates that the device was successfully created.

The screenshot displays the 'Devices allowed to use API' section of the DISH Order dashboard. A green confirmation pop-up at the top center reads 'Devices created successfully'. The dashboard includes a sidebar with navigation options: DASHBOARD, RESTAURANT, KITCHEN, SALES, MARKETING, LOCALISATION, TOOLS (expanded), and SYSTEM. Under 'TOOLS', 'Devices' is selected. The main content area shows a table with columns 'DEVICE NAME' and 'RESTAURANT LOCATION NAME'. A single device is listed: 'Device no. 1' at 'TestJordan'. Buttons for '+ New' and 'Delete' are visible at the top of the table.

DEVICE NAME	RESTAURANT LOCATION NAME
Device no. 1	TestJordan

Once you created a device click on the **pencil icon** of your new device.
