The screenshot shows the DISH RESERVATION dashboard. At the top, there is a header with the logo and the text "DISH RESERVATION". On the right side of the header, it says "Test Bistro Training" and includes a language selector (UK flag) and a refresh icon. A teal notification bar at the top reads: "Have a walk-in customer? Received a reservation request over phone / email? Don't forget to add it to your reservation book!" with an "ADD" button. Below this is a date range selector showing "Mon, 20/07/2020 - Mon, 20/07/2020" with navigation arrows. To the right of the date selector are icons for a calendar with "0", a group of people with "0", and a "Print" button. Below these are three filter buttons: "All" (selected), "Completed", and "Upcoming". The main content area is empty, displaying a large circular icon of a person with a magnifying glass and the text "No reservations available". On the left side, there is a dark sidebar menu with the following items: "Reservations", "Menu", "Guests", "Feedback", "Reports", "Settings", and "Help". At the bottom left of the sidebar, there is a warning icon and the text "Too many guests in house? Pause online reservations". At the bottom of the main content area, it says "Designed by Hospitality Digital GmbH. All rights reserved." and "FAQ | Terms of use | Imprint | Data Privacy".
