The screenshot shows the 'booq v2.24.2' application interface. The top navigation bar includes the 'booq Demo EN' title and a 'Demo booq' dropdown menu. A left sidebar contains navigation options: Dashboard, Articles (with sub-items: Products, Product groups, Price levels, Menu, French menus, Option menus, Time periods), Finances, General, and Payment. The main content area is titled 'Menus' and features a '+ Add menu' button and a 'Show your reference' toggle. Below this is a table with three columns: 'Menus', 'Selected menu', and 'Products'. The 'Menus' column contains a search bar and a list of menu items: 'Enterprise menu', 'Store menu', and 'Menukaart'. The 'Menukaart' item is expanded to show a sub-item 'Weddingmenus', which is highlighted with an orange border. The 'Selected menu' column contains instructions on creating subfolders and using references. The 'Products' column contains instructions on adding products to menu cards. A 'No records found' message is displayed below the search bar.
