The screenshot shows the 'booq v2.24.2' interface. The top navigation bar includes the 'booq' logo, the current user 'booq Demo EN', and a profile icon labeled 'Demo booq'. A left sidebar contains various menu categories: Dashboard, Articles (with sub-items: Products, Product groups, Price levels, **Menus**, French menus, Option menus, Time periods), Finances, General, and Payment. The main content area is titled 'Menus' and features a toggle for 'Show your reference' and a blue '+ Add menu' button highlighted with an orange box. Below this is a table with three columns: 'Menus', 'Selected menu', and 'Products'. The 'Menus' column lists 'Enterprise menu' and 'Store menu' with a note: 'A derived menu is placed under the menu from which it is derived'. The 'Selected menu' column contains a tip: 'Create a subfolder? This can be done easily by dragging an existing folder on another folder.' and a note: 'A reference to a product group is indicated with an *'. The 'Products' column contains instructions: 'Add products or product groups to menu cards by dragging them on the desired card. Do you want to drag multiple products into one group at a time? Then select multiple products and drag them to the desired (sub)menu.' Below the table is a search bar with the placeholder 'Type to search' and a 'No records found' message. A single record, 'Menukaart', is listed with edit, copy, and delete icons.
