

Open the **platform** and click the **arrow** next to HD Video Demo English to see which area exists.

The screenshot shows the booq v2.25.0 interface. The top navigation bar includes the booq logo, the text "(V) booq Demo EN", and a user profile icon labeled "Demo booq". The left sidebar contains a menu with categories: "Minimize menu", "Product groups", "Price levels", "Menus", "French menus", "Option menus", "Time periods", "Promotions", "Finances", "General" (selected), and "Payment". The "General" category is expanded, showing sub-items: "General", "Production stations", "Facilities", "Cash stores", "Printers", "App links", "Table map", "Users", "Usergroups", "POS devices", "Courses", "Customers", "Currencies", "Turnover groups", and "Package profiles". The main content area is titled "Facilities" and features a search bar with the placeholder "Type to search". Below the search bar is a warning message: "Be extra careful when you use QR ordering through CMS: QR codes are linked to facilities. Once created, these QR codes cannot be reassigned to a different facility." Underneath the warning is a table with the heading "Facilities" containing one entry: "HD Video Demo English". To the right of this entry is a small icon of a document with a checkmark. At the top right of the main content area, there are two buttons: "+ Generate area" and "+ Add facility".

Click on **Generate area**.
