With the **toggles** under **Fulfillment options** you can allow eat-in and takeaway orders.

The screenshot shows the 'Edit Kiosk' interface for 'DISH POS v2.49.0'. The left sidebar contains navigation options: Minimize menu, Dashboard, Articles, Finances, General, Payment, Self-service, Sales channels, and QR codes. The main content area is titled 'Edit Kiosk' and includes sections for General, Content, Appearance, and Opening hours. The 'General' section is expanded, showing fields for Name (Kiosk Video France), Store (Démo vidéo HD Français), and Facility (Kiosk). The 'Fulfillment options' section is highlighted with an orange box and contains two toggles: 'Eat-in' and 'Takeaway', both of which are currently turned on. Below this is the 'Language settings' section with dropdowns for Languages (German, English, French, Dutch) and Default language* (English). The 'Identification' section shows an ID field with the value '3'. A 'Save' button is located at the bottom right of the settings panel.

Click on **Languages** to see all languages available.
