You are now in the overview of your sales channels. For modifying the QR Payment option, click on the **pencil icon** next to it.

The screenshot shows the DISH POS v3.54.4 interface. The top navigation bar includes 'Dish Support' and 'Demo DISH POS'. The left sidebar contains a menu with 'Self-service' expanded. The main content area is titled 'Sales channels (6)' and contains a table with the following data:

Name	Store	Type	URL
DISH Webshop	HD Video Demo English	QR	
Grab & Go	HD Video Demo English	Self-scan checkout	<a href="#">Copy link</a> <a href="#">Open link</a>
Kiosk	HD Video Demo English	Ordering kiosk	<a href="#">Copy link</a> <a href="#">Open link</a>
Order2POS	HD Video Demo English	Webshop	<a href="#">Copy link</a> <a href="#">Open link</a>
QR - Order resumption + Offline payment	HD Video Demo English	QR	
QR - Payment	HD Video Demo English	QR	

The pencil icon next to the 'QR - Payment' row is highlighted with a red box. At the bottom center of the page, there is a small orange bar with the number '1'.

Then select **Content** from the menu on the right.

The screenshot shows the 'Edit QR' configuration window in the DISH POS system. On the left, a vertical menu lists various settings categories: General, Content, Appearance, Tipping, Legal notice, and Opening hours. The 'Content' option is highlighted with an orange rectangular box. The main content area is titled 'General' and contains the following settings:

- Name\***: QR - Payment
- Store**: HD Video Demo English
- Customer interaction**: Allow comments on orders (toggle is turned on)
- Language settings**: Languages (German, English, French, Dutch), Default language \* (English)
- Identification**: ID (4)

At the bottom of the window, there are 'Cancel' and 'Save' buttons.

Note: Depending on the settings you chose while creating the QR Ordering sales channel, you are going to have different text fields displayed.

You can write a personalized message in the **corresponding text field** whenever a guest places an order and chooses the option Pay later and then pays the whole order.

The screenshot shows the 'Edit QR' configuration screen in the DISH POS system. The 'Content' section is highlighted with a red box, indicating where to enter personalized messages. The 'Name' field is set to 'QR - Payment'. The 'Content' section contains three text input fields, each with a rich text editor toolbar (Normal, B, I, U). The fields are: 'Payment text', 'New round text', and 'New round & payment text'. The 'Cancel' and 'Save' buttons are located at the bottom of the screen.

You can write a personalized message in the **corresponding text field** whenever a guest places an order and chooses the option Pay later.
