

Welcome to DISH Reservation. In this tutorial, we will show you how to change the **SMS Settings in DISH Reservation Admin Panel.**

The screenshot displays the DISH Reservation Admin Panel interface. On the left is a dark sidebar with navigation options: Reservations, Menu, Guests, Feedback, Reports, Settings, and Integrations. The main content area is titled 'DISH RESERVATION' and includes a notification banner at the top: 'Have a walk-in customer? Received a reservation request over phone / email? Don't forget to add it to your reservation book!' with an 'ADD RESERVATION' button. Below this is a date selector showing 'Mon, 14 Apr - Mon, 14 Apr'. A message states 'You have no limits configured for the selected date.' with an 'Add a new limit' button. Filter tabs are visible for 'All', 'Completed', 'Upcoming' (selected), and 'Cancelled', along with icons for a calendar and a group of people. A large white box in the center contains an icon of a person with a magnifying glass and the text 'No reservations available'. A 'Print' button is located at the bottom left of this box. At the bottom of the page, there is a footer with a 'Pause online reservations' warning, a copyright notice 'Designed by DISH Digital Solutions GmbH. All rights reserved.', and a list of links: 'FAQ | Terms of use | Imprint | Data privacy | Privacy Settings'. A help icon (question mark) is also present in the bottom right corner.

After opening your DISH Reservation admin panel, click **Settings**.

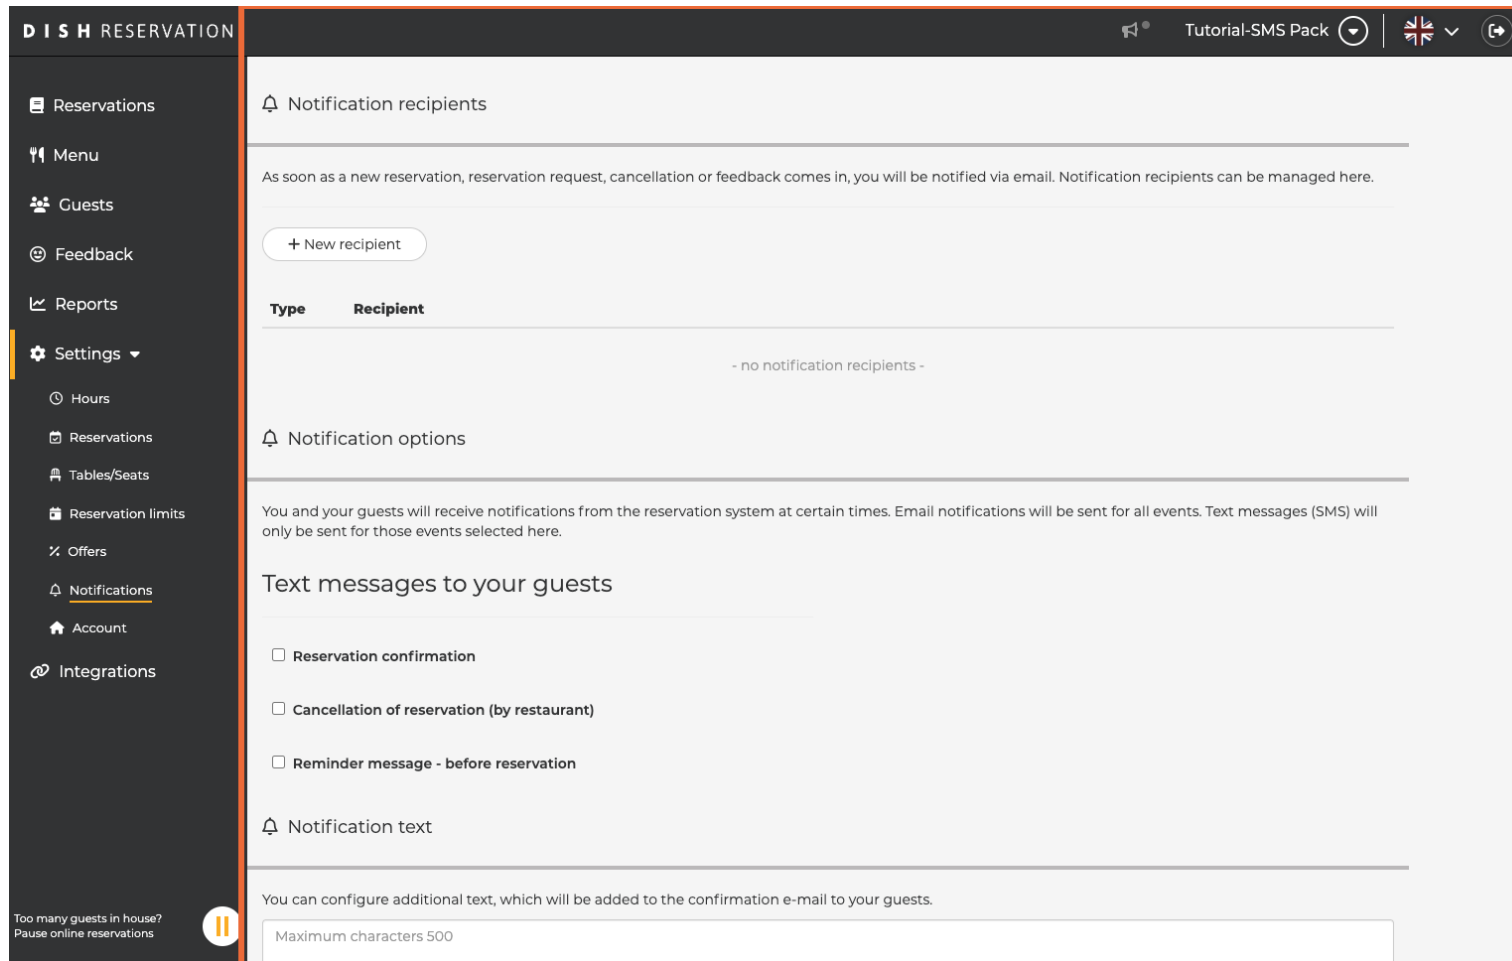

Next, click **Notifications**.

The screenshot shows the DISH Reservation Admin Panel interface. The top navigation bar includes the DISH logo, a notification bell, the text 'Tutorial-SMS Pack', a dropdown menu, and a refresh icon. The left sidebar contains a list of menu items: Reservations, Menu, Guests, Feedback, Reports, Settings (with a dropdown arrow), Hours, Reservations, Tables/Seats, Reservation Limits, Offers, Notifications (highlighted with an orange border), Account, and Integrations. The main content area features a teal banner with the text 'Have a walk-in customer? Received a reservation request over phone / email? Don't forget to add it to your reservation book!' and an 'ADD RESERVATION' button. Below this is a date selector showing 'Mon, 14 Apr - Mon, 14 Apr'. A message states 'You have no limits configured for the selected date.' with an 'Add a new limit' button. Filter buttons for 'All', 'Completed', 'Upcoming' (selected), and 'Cancelled' are present, along with icons for a calendar and a group of people. The main content area displays a large circular icon of a person with a magnifying glass and the text 'No reservations available'. A 'Print' button is located at the bottom left of the main content area. The footer contains a 'Too many guests in house? Pause online reservations' warning, a 'Designed by DISH Digital Solutions GmbH. All rights reserved.' notice, and a help icon (question mark) next to links for 'FAQ', 'Terms of use', 'Imprint', 'Data privacy', and 'Privacy Settings'.

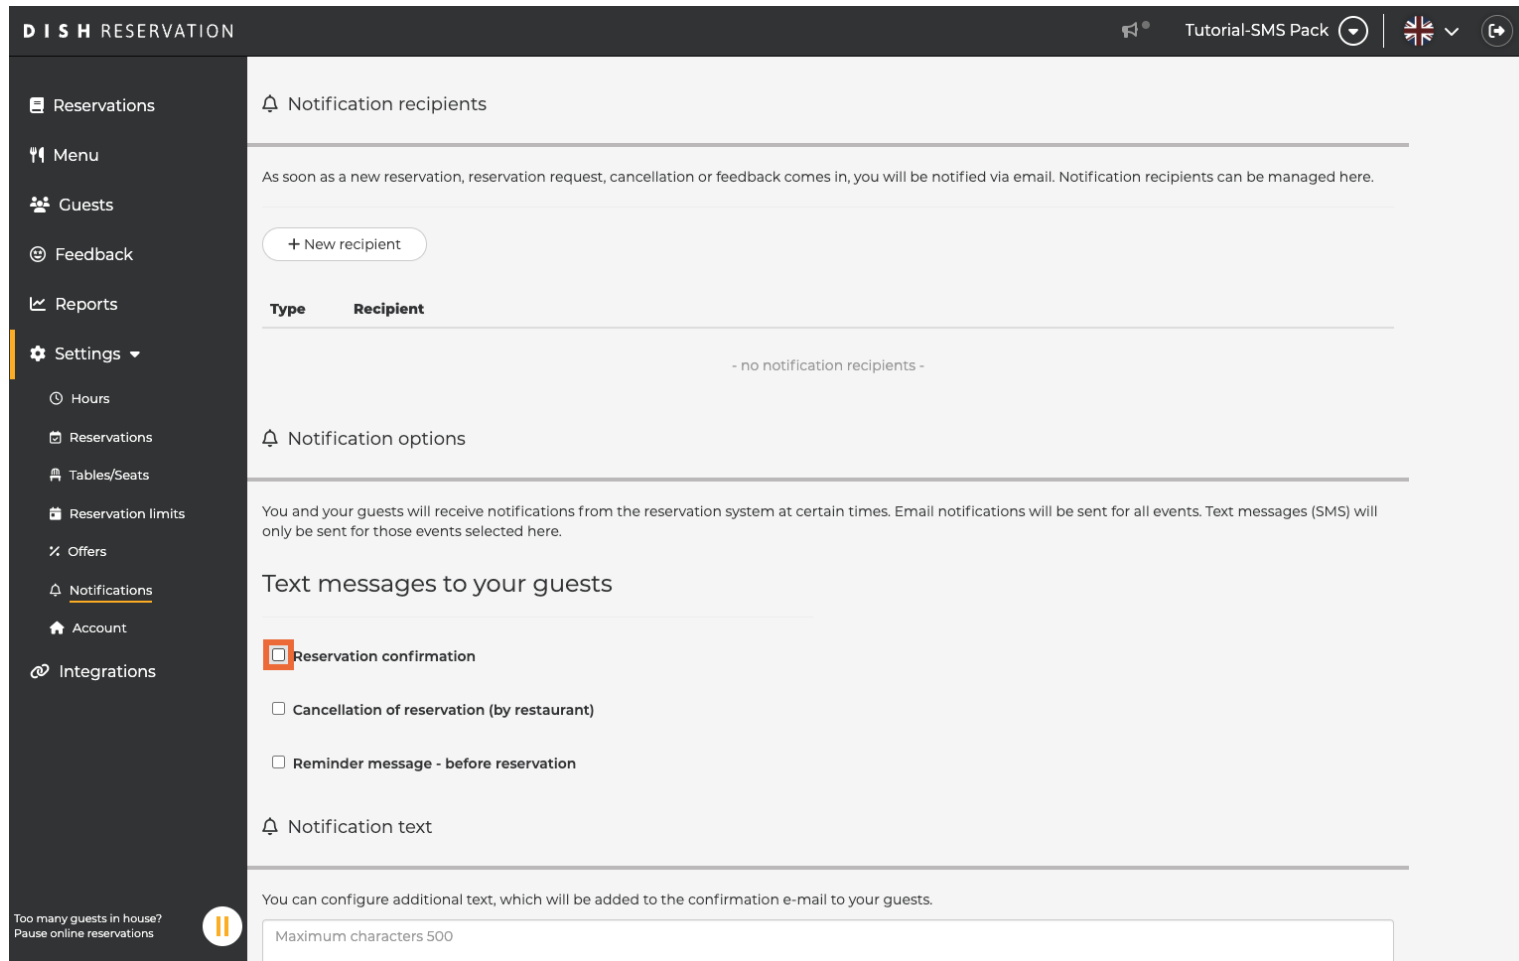

You are now in your **notifications settings**.

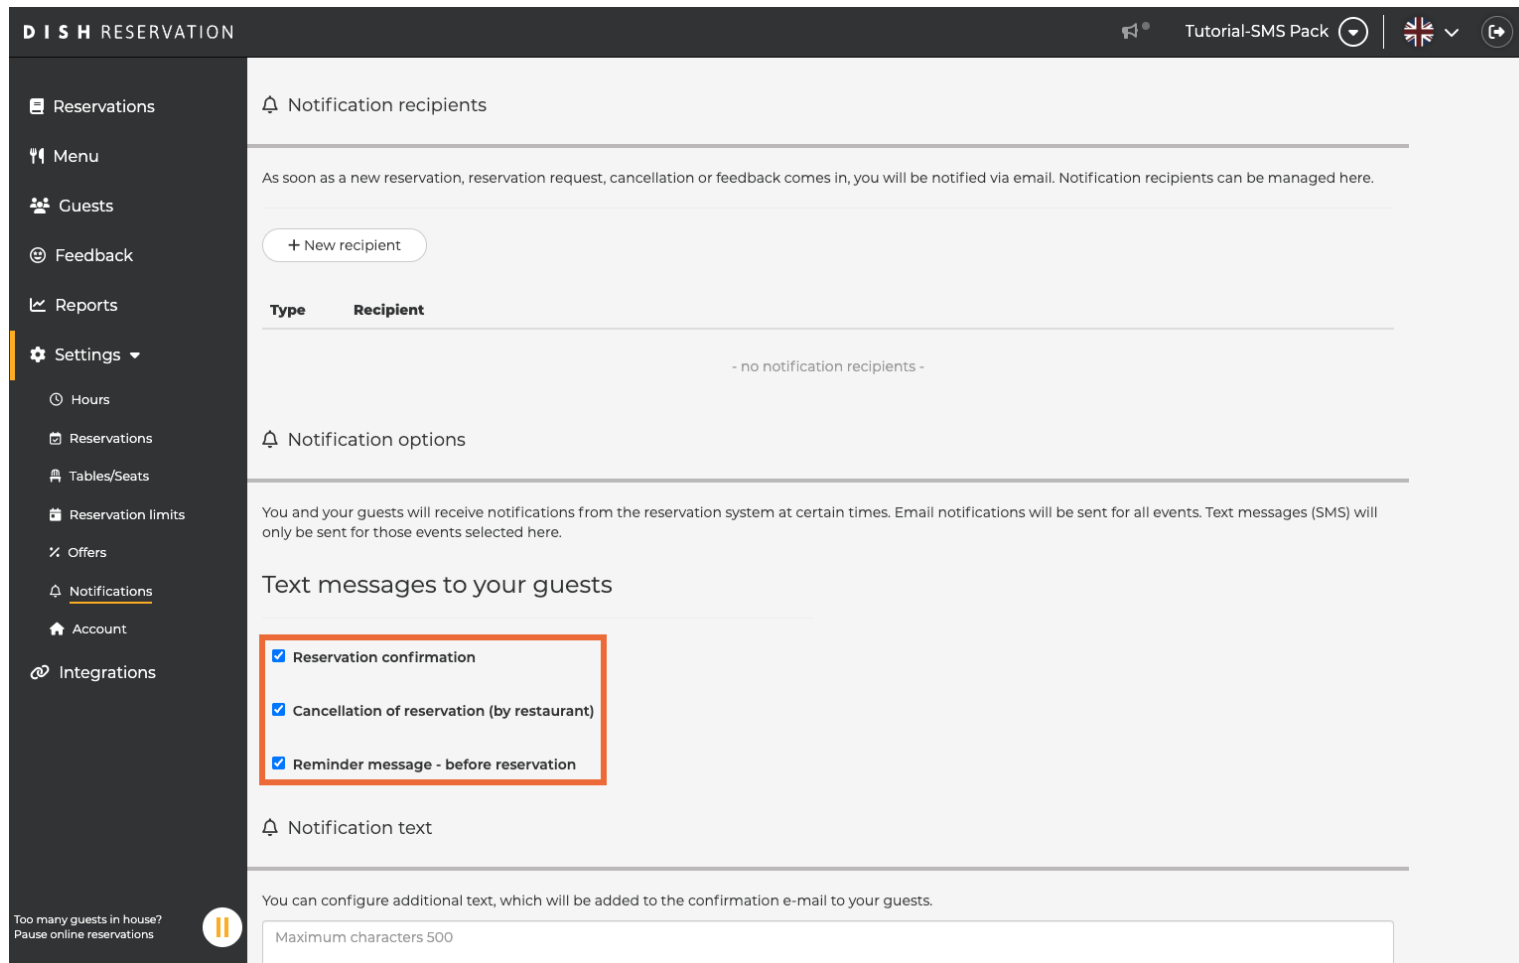

The screenshot shows the DISH Reservation Admin Panel interface. The left sidebar contains navigation options: Reservations, Menu, Guests, Feedback, Reports, Settings (highlighted), Hours, Reservations, Tables/Seats, Reservation Limits, Offers, Notifications (underlined), Account, and Integrations. The main content area is titled "Notification recipients" and includes a "+ New recipient" button and a table with columns "Type" and "Recipient" containing the text "- no notification recipients -". Below this is the "Notification options" section, which explains that email notifications are sent for all events, while SMS messages are only sent for selected events. It lists three notification types with checkboxes: "Reservation confirmation", "Cancellation of reservation (by restaurant)", and "Reminder message - before reservation". The "Text messages to your guests" section is titled "Notification text" and includes a text input field with a "Maximum characters 500" limit. A bottom notification states "Too many guests in house? Pause online reservations" with a pause icon.

By checking the boxes, you can now choose what text messages you would like to send out.

The screenshot shows the DISH Reservation Admin Panel interface. The left sidebar contains navigation options: Reservations, Menu, Guests, Feedback, Reports, Settings (highlighted), Hours, Reservations, Tables/Seats, Reservation Limits, Offers, Notifications, Account, and Integrations. The main content area is titled "Notification recipients" and includes a "+ New recipient" button and a table with columns "Type" and "Recipient" (currently empty). Below this is the "Notification options" section, which explains that email notifications are sent for all events, while text messages (SMS) are only sent for selected events. The "Text messages to your guests" section is active, showing a "Reservation confirmation" header and two unchecked checkboxes: "Cancellation of reservation (by restaurant)" and "Reminder message - before reservation". A "Notification text" section follows, with a text input field and a "Maximum characters 500" label. A bottom notification bar reads "Too many guests in house? Pause online reservations" with a pause icon.

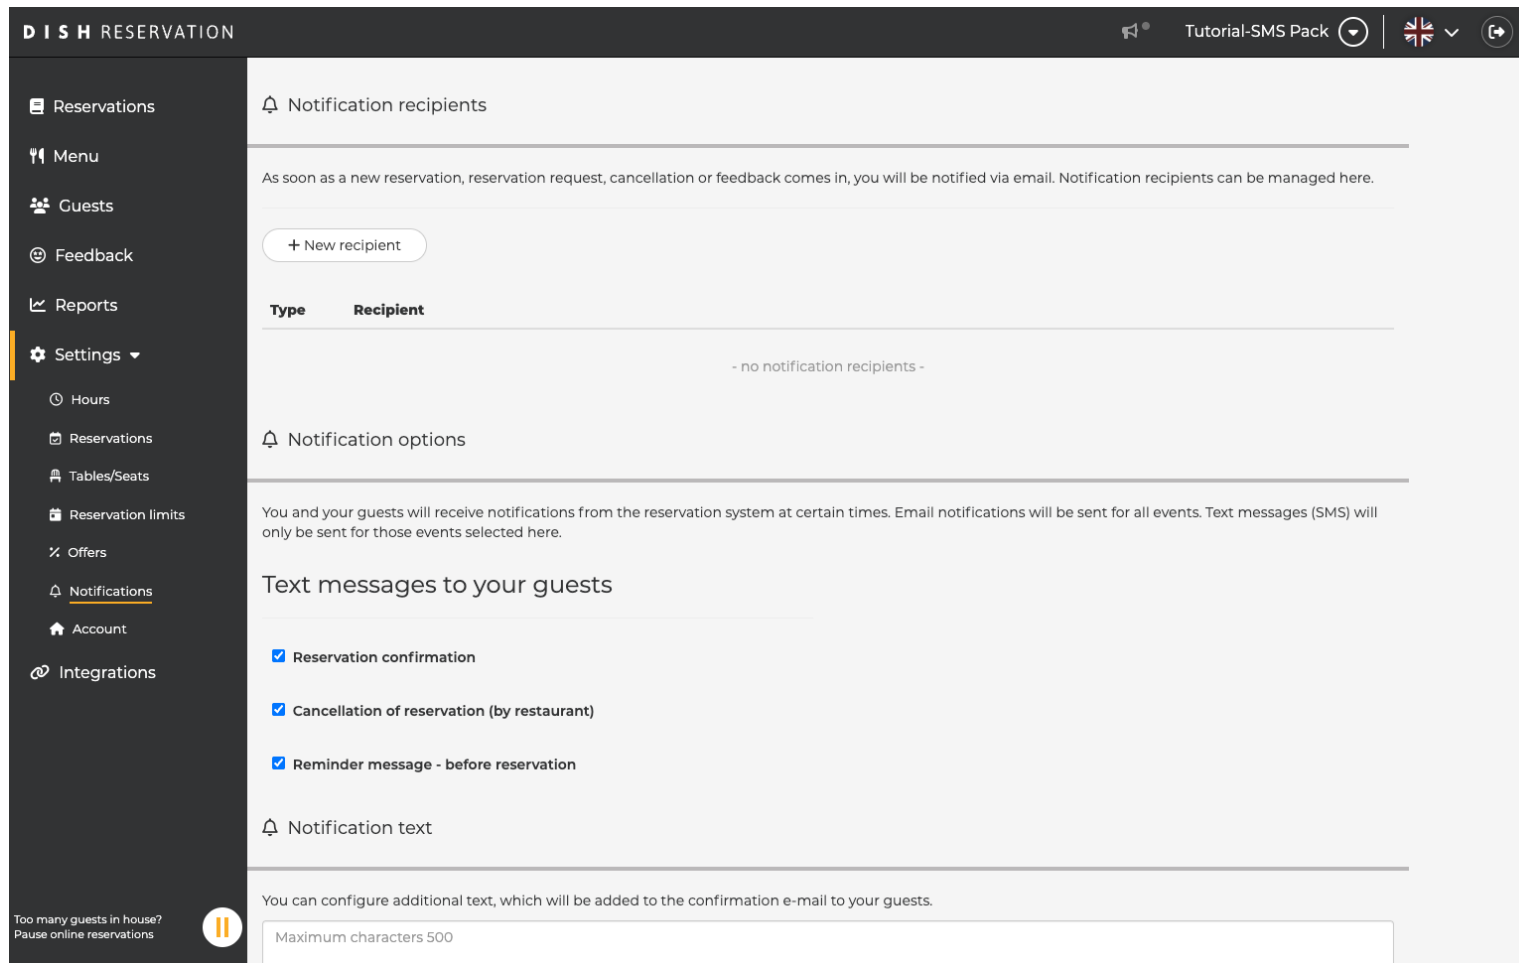

- You can choose between sending **Reservation confirmations**, **Cancellation of reservations (by the restaurant)**, **Reminder messages before the reservation** or a subset of these choices.

The screenshot shows the DISH Reservation Admin Panel interface. The left sidebar contains navigation options: Reservations, Menu, Guests, Feedback, Reports, Settings (highlighted), Hours, Reservations, Tables/Seats, Reservation Limits, Offers, Notifications, Account, and Integrations. The main content area is titled 'Tutorial-SMS Pack' and is divided into sections: 'Notification recipients' (with a '+ New recipient' button and a table showing no recipients), 'Notification options' (with a descriptive paragraph), 'Text messages to your guests' (with three checked options: 'Reservation confirmation', 'Cancellation of reservation (by restaurant)', and 'Reminder message - before reservation'), and 'Notification text' (with a text input field and a 'Maximum characters 500' label). A bottom notification states 'Too many guests in house? Pause online reservations'.

That's it. You completed the tutorial and now know how to change the **SMS Settings in DISH Reservation Admin Panel**.

The screenshot displays the DISH Reservation Admin Panel interface. The top navigation bar includes the 'DISH RESERVATION' logo, a notification bell, 'Tutorial-SMS Pack', a language dropdown (set to UK), and a refresh icon. The left sidebar contains a menu with items: Reservations, Menu, Guests, Feedback, Reports, Settings (highlighted), Hours, Reservations, Tables/Seats, Reservation Limits, Offers, Notifications, Account, and Integrations. The main content area is titled 'Notification recipients' and contains a '+ New recipient' button and a table with columns 'Type' and 'Recipient'. Below this is a section for 'Notification options' with a descriptive paragraph. The 'Text messages to your guests' section features three checked checkboxes: 'Reservation confirmation', 'Cancellation of reservation (by restaurant)', and 'Reminder message - before reservation'. A 'Notification text' section follows, with a descriptive paragraph and a text input field labeled 'Maximum characters 500'. A bottom status bar shows a warning: 'Too many guests in house? Pause online reservations' with a pause icon.
