WATERFORD READING

Playlists Designed to Help Differentiate Instruction

Waterford Reading[™] playlists are designed to help teachers differentiate instruction to meet the needs of all students.

Available through Classroom Advantage[™], 1,274 unique playlists correspond directly to Waterford Reading objectives and can be used with a **whole class**, a **small group**, or an **individual student**. Waterford Reading playlists support Tier 1 **Instruction**, Tier 2 **Remediation**, and Tier 3 **Intervention**.

PLAYLIST ORGANIZATION

Waterford Reading playlists are organized in the **Waterford Manager** the same way the **sequence** is organized by instructional strands, sub-folders, and objectives.

WHOLE CLASS: TIER 1

Teachers can choose playlists to **support a unit of study**. For example, the playlist for *Turtle's Pond: A Seneca Folktale* could be used in conjunction with a unit about Native Americans. This playlist includes vocabulary and comprehension instruction that surround the book.

To find the playlists, follow these steps:

- Log in to the Waterford Manager at https://manager.waterford.org/
- Click Curriculum and then Waterford ERP Playlists.
- Enter your search terms in the search box. In this case, search for *Turtle's Pond*.

SMALL GROUP: TIER 2

Playlists can be used to **address skill deficits** for a small group of students. For example, phonemic awareness skills are a necessary foundation for subsequent reading instruction. The playlists below could be used for small-group remediation in order to fill those gaps.

- □ Initial Sound Post-Assessment (rpa0750)
- Initial Sound Practice (rpa0625)

INDIVIDUAL: TIER 3

Waterford Reading playlists provide targeted instruction when **intensive intervention** is needed. The Areas of Difficulty Report can point teachers to the playlists that would be most effective for an individual student. The result is one-on-one interactive instruction that supports student learning.
