

USA 30 day SIM Guide

What's included?

- 5GB of data or Unlimited Data* (depends on which one you've purchased!)
- 4G data speeds
- Hotspot/tethering enabled
- Unlimited calls & text to US numbers
- Unlimited calls & text to Australia (landline & mobile)
- US mobile number
- 30 days of usage once activated
- 3 in 1 SIM size (nano, micro & standard)

Things to know

- Simple plug & play activation
- No ID registration needed
- From Ultra Mobile with coverage on T-mobile network
- Works in **USA & Hawaii (Does not include Alaska or Canada)**
- Compatible with GSM devices (Oceanic/Australian devices)
- Works in all unlocked devices (mobile, tablet & wifi)
- No recharges available - this is a one-time use SIM
- *Fair usage applies for Unlimited Data (data speeds slow after 32GB)

This SIM works in **all unlocked devices**. The SIM is from Ultra mobile and works on the T-mobile network.

Will my phone be compatible?

The best type of phone to use is an unlocked GSM phone that supports one or more of the following frequencies:

- 1700/2100 MHz (3G / 4G or LTE depending on location)
- 1900 MHz (2G or 3G / 4G depending on location)
- 850 MHz (2G)

You can check whether your phone is compatible [here](https://www.ultramobile.com/trialplan/) (<https://www.ultramobile.com/trialplan/>).

- 1 Click **Check Compatibility**
- 2 Enter the **US ZIP code** of where you're travelling to (you can Google "New York ZIP code") and click Verify
- 3 Choose your **phone brand and model**
- 4 It'll tell you whether the USA SIM will work for you.

How do I know if my device is unlocked?

If you bought your device outright, it's most likely unlocked!

If you're unsure, the best way to find out is to call your Aussie network provider and ask! They'll be able to unlock it for you too. This might incur a fee! 🙄

SIM Activation

There are several ways to activate the SIM!

Text activation after you land (Mobile phones)

- 1 Land in USA 🇺🇸
- 2 Insert SIM into your phone
- 3 Text "GOGO" to 6700
- 4 Restart your device
- 5 You'll get a text with your new US number.

Call activation after you land

- 1 Call 888 918 6468 (only works 6am - 6pm PST)

Online activation before or after you land (all devices)

- 1 Go to <https://my.ultramobile.com/activation> (<https://my.ultramobile.com/activation>).
- 2 Choose the Orange SIM on the right

Activate Your Ultra Mobile SIM

Please note:

- You will be given the option to keep your existing phone number at a later step.
- If you need a SIM card, please visit an [Ultra Retailer](#) or order one from our [online store](#).

You selected Orange SIM ([click here to change selection](#))

You must activate your SIM before it will work. To Activate online: www.ultra.me/orange, or by phone: (888) 899-0820

KEEP THIS SIM CARD UNTIL YOUR PHONE IS ACTIVE

Add this credit card

[Skip for now](#)

- 7 Enter your details and make an online account and submit information
- 8 Keep proceeding with activation steps to complete activation and you will get a new phone number displayed on your screen

General FAQ

How do I find my mobile number?

You can only find out your number after you activate your SIM.

If you want to find it before you go, you'll need to activate your SIM online. The only catch is that your 30 days will start ticking once you activate!

How do I check my balance?

You can find your data balance by texting "DATA" to 6700.

How do I recharge?

As described on the website, the SIM is non-rechargeable. The only way around this is to buy multiple SIM cards and swap them out as you go.

What's the coverage like?

You can find the coverage map [here \(https://www.ultramobile.com/coverage/\)](https://www.ultramobile.com/coverage/).

How do I make calls/texts?

Local calls & texts

Simply dial the local USA number from your device. You may need to use a state code for landline numbers when calling interstate.

Calling Australia

(Country Code) + Number

You can get the + by pressing and holding the 0 on your phone!

How do people from Australia call/text me?

From a Mobile phone

- 1 Enter the + on your dial pad.* This is usually done by holding down the 0 key
- 2 Enter the US country code (1)
- 3 Enter the US area code
- 4 Enter the US local number

If you want to call the US number: 212 361 4595 from an Australian mobile,

Dial: +1 212 361 4595

From a landline

- 1 Enter the Australian exit code (0011)
- 2 Enter the US country code (1)
- 3 Enter the US area code
- 4 Enter the US local number with the US area code included if is a landline

If you want to call the US number: 212 361 4595 from an Australian mobile,

Dial: 0011 1 212 361 4595

Troubleshooting Guide

1. My data isn't working

If you've just activated your SIM

If you've just activated your SIM and you've got a signal, you might need to check a couple of things to get your data working.

- 1 Check that you have Data Roaming & Mobile Data turned on in your Settings.
- 2 Make sure that you have changed your APN settings to match the following:
Name: Ultra
APN: wholesale
User name: [leave this field blank]
Password: [leave this field blank]

- 3 Restart your phone
- 4 If it's still not working, try the SIM in another phone to see if it'll work there.

If you've been using your SIM but suddenly your data has stopped working

- 1 Check that you have data balance left by texting DATA to 6700
- 2 Try turning your device off and on
- 3 Try to remove the SIM from your device and re-insert it
- 4 [Check the coverage \(https://www.ultramobile.com/coverage/\)](https://www.ultramobile.com/coverage/) in the area you're in
- 5 If your phone says it's connected to LTE or 4G but the data isn't working, try to manually turn off LTE/4G to connect to 4G/3G.

Apple:

Settings > Mobile > Mobile data options > Disable LTE > Restart

Android:

Settings > Connections > Mobile Networks > Network Mode > Switch to 3G/2G > Restart

It might look different depending on your device! If these instructions don't match exactly, explore your settings until you find **Network Mode**

2. I'm having issues making calls or texts

This SIM comes with calls & SMS to US and Australian numbers.

Calling/texting Australian numbers

- 1 Make sure you're using the correct country code

Dial +61 or 011 61 before the number you're dialling
--

3. I keep receiving spam calls

Unfortunately, one of the drawbacks of SIMs in America is the number of spam calls you may receive. There are several spam calling companies in the US that pester almost every number available! Ultra Mobile recycles old phone numbers so there might be a higher possibility that you may receive spam calls.

It's the last thing you want to be dealing with during your holiday and we wish we could stop this from happening but unfortunately, it's out of our control.

We apologise in advanced for the trouble and we recommend you just block the numbers when they call or text.

Contacting for help

Contacting Ultra Mobile

If you're having issues with your SIM, you can get in touch with Ultra Mobile Customer Service. The options to contact them are:

- 1 Dial **611** from your phone
- 2 Dial **888-918-6468** or **888-777-0446** from another phone
- 3 Email them at support@ultramobile.com (they're active 6am-6pm PST)

Contacting us

Still need help? 🙋♀️

These instructions and guides are based on our most frequently asked questions. If your question isn't answered, just contact us and we'll be happy to have a chat.

Our mission is for you to have smooth sailing on your travels and not be fussing around with your SIM card!

In order to get your SIM working as quickly as possible, we're going to need you to work with us.

Please answer the following questions when contacting us:

- Which SIM have you bought?
- What device are you using?
- When did you activate and what happened when you activated?
- What troubleshooting steps have you tried?
- Please send through a screenshot of your Mobile Network settings and your APN settings with the WiFi turned off and your mobile data turned on so we can see what's going on.
- Any other details that might help us help you!

You can contact us a techsupport@simsdirect.com.au (<mailto:techsupport@simsdirect.com.au>).

Money Back Guarantee

These SIMs aren't perfect and neither are we!

There is always the possibility of manufacturing issues or network problems that can't be resolved. 😞

This is why we have a money back guarantee available for all of our customers to protect against faulty SIMs and poor experiences.

It is extremely important to us that our customers are looked after, and we are here to support you as much as possible. We wouldn't be able to do this without you!

In order to claim your Money Back Guarantee, you'll need to contact us and we'll try to troubleshoot the issue with you. If we can't get it sorted, we'd be more than happy to give you a refund.
