Click the **pencil icon** of the store.

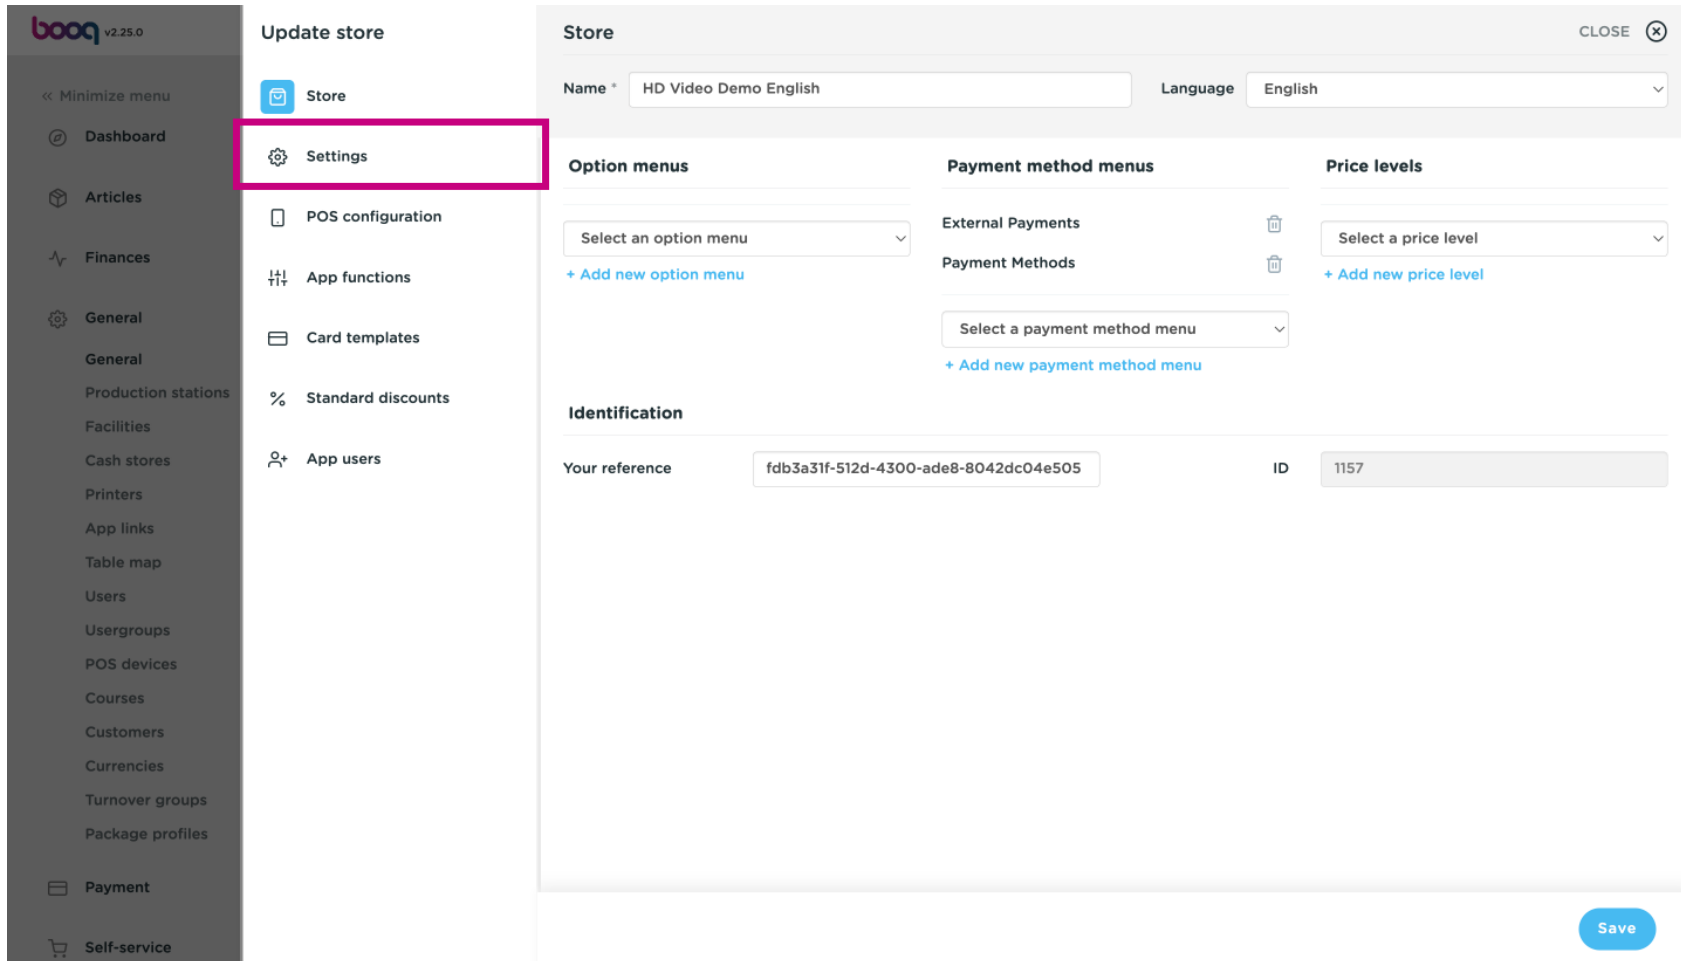

The screenshot shows the booq v2.25.0 interface. The top navigation bar includes the booq logo, the current user '(V) booq Demo EN', and a dropdown menu for 'Demo booq'. A left sidebar contains a 'Minimize menu' button and several menu items: Dashboard, Articles, Finances, General (expanded), Payment, and Self-service. The 'General' menu is expanded, showing sub-items like General, Production stations, Facilities, Cash stores, Printers, App links, Table map, Users, Usergroups, POS devices, Courses, Customers, Currencies, Turnover groups, and Package profiles. The main content area is titled 'Stores' and features a table with the following data:

Name	Installed version	Update status	Transmit status
HD Video Demo English	v3s20b0	● Up to date	✓

A blue 'TRANSMIT' button is located above the table. A pink square highlights the pencil icon in the first column of the table row.

The set up of the store will show up, click on **Settings**.

The screenshot displays the 'Update store' interface in the boooq v2.25.0 application. On the left, a sidebar menu lists various configuration options, with 'Settings' highlighted by a red rectangular box. The main content area is titled 'Store' and includes a 'CLOSE' button in the top right corner. Below the title, there are input fields for 'Name' (containing 'HD Video Demo English') and 'Language' (set to 'English'). The interface is divided into three columns: 'Option menus' with a dropdown menu and a '+ Add new option menu' link; 'Payment method menus' with 'External Payments' and 'Payment Methods' sections, each having a trash icon and a '+ Add new payment method menu' link; and 'Price levels' with a dropdown menu and a '+ Add new price level' link. At the bottom, the 'Identification' section shows 'Your reference' as 'fdb3a31f-512d-4300-ade8-8042dc04e505' and 'ID' as '1157'. A blue 'Save' button is located at the bottom right of the main panel.

 Now activate **Print first round QR** by clicking on the checkbox.

The screenshot shows the boooq v2.25.0 settings interface. On the left is a dark sidebar menu with categories: Update store, General, Production stations, Facilities, Cash stores, Printers, App links, Table map, Users, Usergroups, POS devices, Courses, Customers, Currencies, Turnover groups, Package profiles, Payment, and Self-service. The 'Settings' option is selected. The main content area is titled 'Settings' and includes a 'CLOSE' button with an 'x' icon. At the top, there are input fields for 'Name' (HD Video Demo English) and 'Language' (English). The settings are organized into three columns: General Settings, Receipt Settings, and Facility Settings. Under 'General Settings', there are checkboxes for 'Uses cash drawer shifts' (checked), 'Keep closed order in view', and 'Reset stock daily'. Below this is the 'Production ticket settings' section with a dropdown menu for 'Shared product details' set to 'Production sta'. The 'boooq payment QR ticket settings' section contains a checkbox for 'Print first round QR', which is highlighted with a pink border. Below this checkbox is a note: 'Check the box below to print a boooq payment QR ticket with every first round of the order.' The 'Receipt Settings' column includes 'Ticket Header', 'Bill Footer', and 'Order Overview Footer', each with a text area. The 'Facility Settings' column includes 'Facility discoloration time 1' (set to 5) and 'Facility discoloration time 2' (set to 10). A blue 'Save' button is located at the bottom right of the settings panel.

Now adjust your **Printer selection** by clicking on the checkbox.

The screenshot displays the boooq v2.25.0 interface. On the left is a dark sidebar menu with categories like 'Update store', 'General', 'Production stations', 'Facilities', 'Cash stores', 'Printers', 'App links', 'Table map', 'Users', 'Usergroups', 'POS devices', 'Courses', 'Customers', 'Currencies', 'Turnover groups', 'Package profiles', 'Payment', and 'Self-service'. The 'Settings' option is highlighted in blue.

The main 'Settings' window is titled 'Settings' and includes a 'CLOSE' button with an 'x' icon. It features input fields for 'Name' (HD Video Demo English) and 'Language' (English). The settings are organized into three columns:

- General Settings:** Includes checkboxes for 'Uses cash drawer shifts' (checked), 'Keep closed order in view', and 'Reset stock daily'.
- Production ticket settings:** Includes a 'Shared product details' dropdown set to 'Production sta' and a 'boooq payment QR ticket settings' section with a checked 'Print first round QR' checkbox.
- Receipt Settings:** Includes 'Ticket Header', 'Bill Footer', and 'Order Overview Footer' text areas.
- Facility Settings:** Includes 'Facility discoloration time 1' (set to 5) and 'Facility discoloration time 2' (set to 10), both with up/down arrows.

A pink rectangular box highlights the 'Printer selection' section in the 'boooq payment QR ticket settings' area, which contains two radio button options: 'POS device printer' (selected) and 'Fixed printer'.

A blue 'Save' button is located at the bottom right of the settings window.

If you adjusted your **fixed printer**, you can select it here.

The screenshot displays the boooq v2.25.0 interface. On the left is a dark sidebar menu with categories: Update store, General, Production stations, Facilities, Cash stores, Printers, App links, Table map, Users, Usergroups, POS devices, Courses, Customers, Currencies, Turnover groups, Package profiles, Payment, and Self-service. The 'Settings' option is highlighted in blue. The main content area is titled 'Settings' and includes a 'CLOSE' button with an 'X' icon. At the top, there are input fields for 'Name *' (HD Video Demo English) and 'Language' (English). The settings are organized into three columns: General Settings, Receipt Settings, and Facility Settings. Under General Settings, there are checkboxes for 'Uses cash drawer shifts', 'Keep closed order in view', and 'Reset stock daily'. Below this is the 'Production ticket settings' section with a 'Shared product details' dropdown set to 'Production sta'. The 'boooq payment QR ticket settings' section includes a checkbox for 'Print first round QR' which is checked. The 'Printer selection' section has two radio buttons: 'POS device printer' (selected) and 'Fixed printer'. Below the radio buttons is a 'Fixed printer *' dropdown menu, which is highlighted with a pink rectangular box. The Receipt Settings column contains text areas for 'Ticket Header', 'Bill Footer', and 'Order Overview Footer'. The Facility Settings column has two numeric input fields for 'Facility discoloration time 1 *' (value 5) and 'Facility discoloration time 2 *' (value 10). A blue 'Save' button is located at the bottom right of the settings panel.

Click **Save** to save your changes.
