Open the underlying submenu's by pressing on the  icon

The screenshot displays the 'booq v2.49.0' interface for the 'Menu planner'. The left sidebar contains a navigation menu with categories like 'Articles', 'Products', 'Price levels', 'Menu', 'Finances', 'General', 'Payment', and 'Self-service'. The main area is titled 'Menus' and shows a tree structure of menus. The 'Lunch menu 2' submenu is expanded, revealing its contents: 'Food', 'Drinks', and 'Other'. Each item has a '+ Add sub menu' button. The right panel shows the 'Products' section with a search bar and a list of product groups: 'Drinks', 'Food', 'Miscellaneous', 'Kiosk', and '6-course Menu'. A 'Show your reference' toggle and an 'Add menu' button are also visible.

 You can 'disable' a submenu by pressing on the **trashcan icon**

Show your reference + Add menu

Now we have to link the menu to the facilities. Go to **Facilities**

The screenshot shows the booq Menu planner interface. On the left is a sidebar with a list of menu items. The 'Facilities' item is highlighted with a red rectangle. The main area displays the 'Menus' section, which includes a search bar, a list of menu items (Menukaart, Webshop, Lunch menu 2, Kiosk, Lunch menu), and a detailed view of 'Lunch menu 2'. This view shows a list of food items (Food, Aperitif, Starters, Salads, Dishes) and their corresponding products (Bearnaise Steak And Fries, Meat Of The Day, Fish Of The Day, Steak Tatar, Cheese Fondue, Mussels, Season Vegetables, 3-course Menu, Next course, Supplements, Desserts, Menus, Drinks, Other). The interface also includes a 'Show your reference' toggle and an 'Add menu' button.

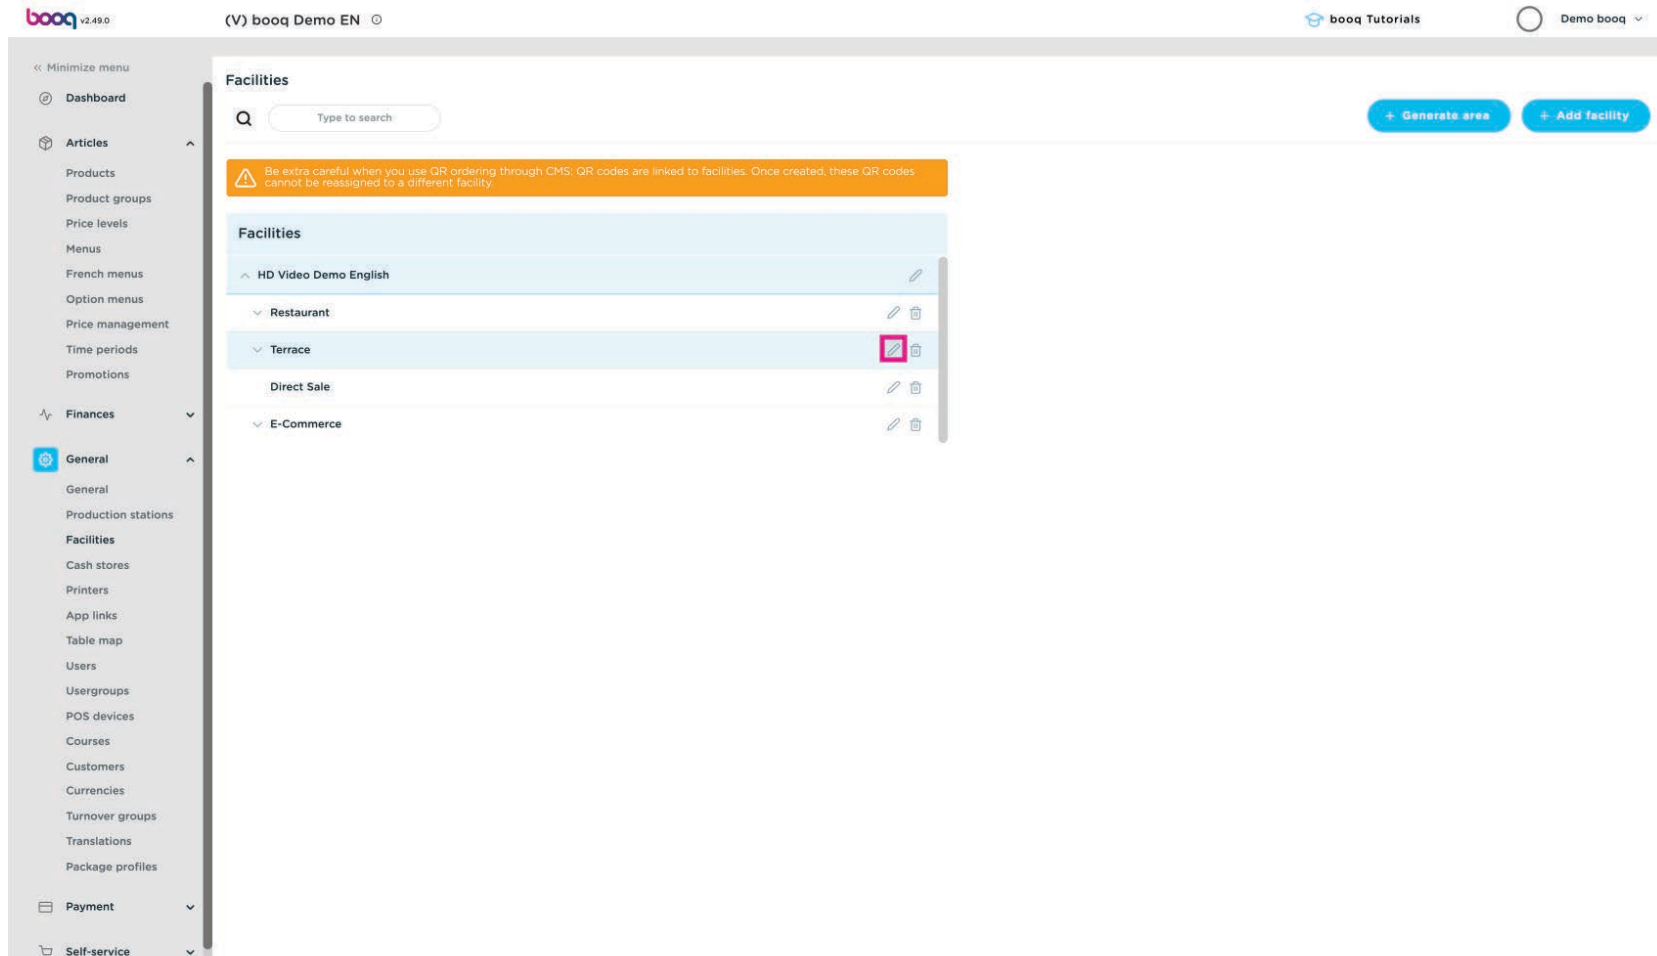

If you want to enable the menu for every facility (table) you can press on **the edit button**.

The screenshot displays the booq v2.49.0 interface. The left sidebar contains a navigation menu with categories: Dashboard, Articles, Finances, General (selected), Payment, and Self-service. The General section is expanded, showing options like General, Production stations, Facilities, Cash stores, Printers, App links, Table map, Users, Usergroups, POS devices, Courses, Customers, Currencies, Turnover groups, Translations, and Package profiles. The main content area is titled 'Facilities' and includes a search bar, a warning message about QR codes, and a list of facilities. The 'Facilities' list shows 'HD Video Demo English' with an edit button (pencil icon) next to it. At the top right of the main area, there are buttons for '+ Generate area' and '+ Add facility'.

If you only want to do it for the terras you can press on **the edit button at Terras**.

The screenshot shows the booq Menu planner interface. On the left is a sidebar menu with categories like Dashboard, Articles, Finances, General, Payment, and Self-service. The 'General' category is expanded, showing options like General, Production stations, Facilities, Cash stores, Printers, App links, Table map, Users, Usergroups, POS devices, Courses, Customers, Currencies, Turnover groups, Translations, and Package profiles. The 'Facilities' option is selected. The main content area is titled 'Facilities' and contains a search bar, a warning message, and a list of facilities. The facilities listed are 'HD Video Demo English', 'Restaurant', 'Terrace', 'Direct Sale', and 'E-Commerce'. The 'Terrace' facility is highlighted, and its edit button (a pencil icon) is marked with a red square. At the top right of the main content area, there are two buttons: '+ Generate area' and '+ Add facility'.

## Menu planner

Click Menu

The screenshot displays the booo Menu planner interface. On the left, a sidebar menu lists various categories: Dashboard, Articles, Products, Product groups, Price levels, Menus, French menus, Option menus, Price management, Time periods, Promotions, Finances, General, Facilities, Cash stores, Printers, App links, Table map, Users, Usergroups, POS devices, Courses, Customers, Currencies, Turnover groups, Translations, Package profiles, Payment, and Self-service. The 'Facilities' section is expanded, showing 'HD Video Demo English', 'Restaurants', 'Terraces', 'Direct', and 'E-Commerce'. The 'Menu' option under 'Facilities' is highlighted with a red box. The main area shows the 'Edit sales point' dialog for the 'Terrace' sales point. The dialog includes fields for 'Name' (Terrace), 'Parent' (HD Video Demo English), 'Receipt printer', 'References' (Price level: Inherit), 'Settings' (Inherit settings, Visible in app, Price includes VAT, Order text popup, Use take away number, Log off after ticket, Print receipt), and 'Identification' (Your reference: 9f7645f7-a255-44b0-99cd-18707e0fae28, ID: 23). A 'Save' button is located at the bottom right of the dialog.

You can select if the menuplanner is working for the **POS** or for the Self-service (QR, Kiosk)

The screenshot shows the 'Menu' configuration screen in the boooq system. The left sidebar contains a navigation menu with categories like 'Dashboard', 'Articles', 'Facilities', 'Finances', 'General', 'Payment', and 'Self-service'. The main content area is titled 'Menu' and includes a 'Name' field set to 'Terrace' and a 'Parent' dropdown set to 'HD Video Demo English'. Below this, there are two dropdown menus: 'POS menu' and 'Self-service menu', both set to 'Inherit'. A 'Menu planning' section is visible, with a 'POS' tab selected and highlighted by a red box. The 'POS' tab shows a table with columns 'Period' and 'Menu', both currently set to 'None'. A '+ Add' button is next to the 'Menu' column. A 'Save' button is located at the bottom right of the screen.

Select at **Period** the Lunch time period you did add before, you can add multiple time-periods.

At **menu** you select the menu that have to be enabled

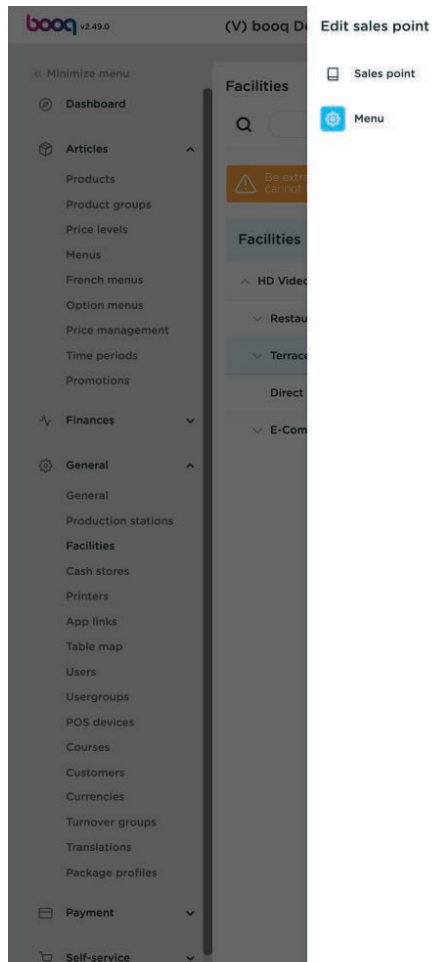

The screenshot displays the 'Menu' configuration interface in the boooq system. On the left, a sidebar menu lists various management categories: Dashboard, Articles, Products, Product groups, Price levels, Menus, French menus, Option menus, Price management, Time periods, Promotions, Finances, General, Production stations, Facilities, Cash stores, Printers, App links, Table map, Users, Usergroups, POS devices, Courses, Customers, Currencies, Turnover groups, Translations, Package profiles, Payment, and Self-service. The 'Facilities' section is expanded, showing 'HD Video Demo English' and 'Terrace' (selected). The 'Menu' configuration panel on the right includes a 'Name' field set to 'Terrace' and a 'Parent' dropdown set to 'HD Video Demo English'. Below this, the 'Menu' section shows 'POS menu' and 'Self-service menu' both set to 'Inherit'. The 'Menu planning' section has tabs for 'POS' and 'Self-service'. The 'POS' tab is active, showing a table with columns 'Period' and 'Menu'. The 'Period' dropdown is set to 'Lunch', and the 'Menu' dropdown is set to 'None' (highlighted with a pink box). A '+ Add' button is next to the 'Menu' dropdown. A 'Save' button is at the bottom right.

For transmitting the changes, go to **General**

The screenshot displays the 'Facilities' management interface in the booq v2.49.0 application. The left sidebar menu is visible, with the 'General' option highlighted by a red rectangular box. The main content area is titled 'Facilities' and includes a search bar with the placeholder text 'Type to search'. Below the search bar, there is a warning message: 'Be extra careful when you use QR ordering through CMS. QR codes are linked to facilities. Once created, these QR codes cannot be reassigned to a different facility.' The facilities are listed in a table-like structure with expandable rows. The visible facilities are: 'HD Video Demo English', 'Restaurant', 'Terrace', 'Direct Sale', and 'E-Commerce'. Each facility has edit and delete icons. At the top right of the main content area, there are two buttons: '+ Generate area' and '+ Add facility'.
